Sustainable Salmo Survey Highlights: Land-Use & Infrastructure

What key features make Salmo's downtown, neighbourhoods and/or surrounding area a nice place to live and/or work?

Key Land-Use Assets

Key Priorities for Salmo

Scenery/natural beauty
Small/not busy
Parks/green space

Land-Use Features

- Parks
- Walkability
- Concentrated downtown
- Wide streets
- Nicely laid out
- Easy parking
- Well-maintained assets

Key Attributes

- Natural beauty
- Not busy/small
- Friendly
- Clean
- Connected

Easy walking/biking

Urbanized enough for people to live/ work in natural environment.

Wide open streets, nicely laid out.

Very closely connected to nature

Welcoming atmosphere.

The Infrastructure needs to be updated and kept up.

Retail businesses concentrated within a few blocks, and easy parking
