12. Member Reports & Inquiries

- (1) Councillor Endersby**
- (2) Councillor Heatlie**
- (3) Councillor Huser**
- (4) Councillor Segall**
- (5) Mayor Lockwood**

RECOMMENDATION:

Pg.39

That the verbal and written reports of Mayor and Council be received for information.

13. Public Question Period

14. Adjournment

The next regularly scheduled Council meeting will be on April 12, 2022 at 7:00 p.m.

REGULAR MEETING #05-22 MINUTES

Minutes of the Regular Meeting of the Council of the Village of Salmo held in the Salmo Valley Youth and Community Centre at 206 Seventh Street in Salmo, B.C. on Tuesday, March 8, 2022 at 7:00 p.m.

PRESENT:

In Person:

Mayor Diana Lockwood
Councillor Jennifer Endersby
Councillor Jonathon Heatlie
Councillor Jacquie Huser
CAO Anne Williams

Electronically:

Councillor Farrell Segall
Members of the Public - 0

CALL TO ORDER:

Mayor Lockwood called the meeting to order at 7:05 p.m.

AGENDA:

R1-05-22

Moved and seconded, that the draft agenda of Regular Meeting #05-22 of Tuesday, March 8, 2022 be adopted as amended from *Council Procedure Bylaw #663, 2014* Schedule "A" to include a New Business section, a resolution re Community Development Funds and a Public Question period.

Carried.

NEW BUSINESS:

R2-05-22

RDCK Community
Development Funds –
Fire Hall Upgrades

Mayor Lockwood recommended that \$30K, as budgeted for 2021, be allocated towards last year's fire hall upgrades as a year end adjustment from Salmo's RDCK Community Development Fund.

Moved and seconded, that the Village of Salmo contribute \$30,000 from Salmo's 2021 RDCK Community Development fund to put towards the 2021 Fire Hall upgrades.

Carried.

DELEGATIONS: NIL

MINUTES: (Note: See official minutes and agenda package for applicable reports.)

R3-05-22

Regular Meeting
February 22, 2022

Moved and seconded, that the draft minutes of Regular Meeting #02-22 of Tuesday, January 25, 2022 be adopted as amended.

Carried.

R4-05-22

Special Meeting
February 23, 2022

Moved and seconded, that the draft minutes of Special Meeting of Wednesday, February 23, 2022 be adopted as presented.

Carried.

R5-05-22 COTW February 28, 2022	Moved and seconded, that the draft minutes of the Committee-of-the-Whole Meeting of Monday, February 28, 2022 be adopted as presented.	Carried.
---------------------------------------	--	----------

REFERRALS FROM DELEGATIONS: NIL

REFERRALS FROM PRIOR MEETINGS: NIL

POLICY DEVELOPMENT & REVIEW: NIL

BYLAW DEVELOPMENT & REVIEW:

R6-05-22 Council Procedures Amendment Bylaw #704, 2021 – First Reading	Moved and seconded, that the <i>“Council Procedures Amendment Bylaw #704, 2021”</i> be given first reading.	Carried.
--	---	----------

R7-05-22 Council Procedures Amendment Bylaw #704, 2021 – Second & Third Reading	Moved and seconded, that the <i>“Council Procedures Amendment Bylaw #704, 2021”</i> be given second and third reading.	Carried.
---	--	----------

R8-05-22 Officers Amendment Bylaw #738, 2022 – First Reading	Moved and seconded, that the <i>“Officers Amendment Bylaw #738, 2022”</i> be given first reading.	Carried.
---	---	----------

R9-05-22 Officers Amendment Bylaw #738, 2022 – Second & Third Reading	Moved and seconded, that the <i>“Officers Amendment Bylaw #738, 2022”</i> be given second and third reading.	Carried.
--	--	----------

ACCOUNTS PAYABLE:

R10-05-22	Moved and seconded, that Council receive for information the list of accounts payable cheques and electronic fund transfers from February 18, 2022 to March 3, 2022 totaling \$41,411.49.	Carried.
-----------	---	----------

Departure	Mayor Lockwood and Councillor Endersby recused themselves at 7:18 p.m. as they are both private members of the Salmo & Area Supportive Housing Board.	
-----------	---	--

CORRESPONDENCE REQUIRING A COUNCIL DECISION:

R11-05-22 Council discussed allowing the Supportive Housing Society a one-year permissive tax exemption as they have been unable to get their books audited due to difficulty in obtaining an auditor as they are all extremely busy. CAO Williams noted that their own charter requires them to have their books audited.
Salmo & Area
Supportive Housing
Discussion Re:
Permissive Exemption
Request - #19

Moved and seconded, that Council approve the request of the Salmo & Area Supportive Housing Society to grant them a one-year permissive tax exemption for 2023 due to their inability to confirm receiving the audited financial statements in time for the exemption deadline of July 15, 2022.

Carried.

Return Mayor Lockwood and Councillor Endersby returned at 7:28 p.m.

R12-05-22 Mayor Lockwood explained why this resolution is being brought forward and expressed regret that it was not submitted earlier so that it could have gone to AKBLG before going with others to UBCM. Recommendations coming from AKBLG carry more weight at UBCM than a single resolution. She has made the library aware of this for next time.
Salmo Valley Public
Library Re: Request for
Support Resolution for
Increased Funding to
Public Libraries at
UBCM - #20

Moved and seconded, that:

WHEREAS libraries in British Columbia are largely financed by levies paid by local governments, and where provincial library funding has remained stagnant for the past 10 years;

AND WHEREAS public libraries are central to communities, providing equitable access to vital resources, including internet, computers, digital library tools, and in-person services from expert staff;

AND WHEREAS public libraries provide British Columbians with low-barrier services, that support job seekers and small businesses, that increase literacy in communities, that advance reconciliation with Indigenous peoples, and that promote equity and inclusion;

THEREFORE BE IT RESOLVED that Council of the Village of Salmo urges the Government of British Columbia to provide long-term sustainable funding for public libraries in BC;

AND BE IT FURTHER RESOLVED that the Province ensures that BC Libraries will henceforth receive regular increases to Provincial Government funding in subsequent years.

Carried.

R13-05-22 Moved and seconded, that Council provide a letter of support to the Salmo & District Arts Council (SDAC) for their grant application to the Columbia Kootenay Cultural Alliance (SKCA) in order to provide mentorship to two local artists in the construction of three snow sculptures in early 2023.
Council Re: Letter of Support for Grant Application - #21

Carried.

CORRESPONDENCE FOR INFORMATION ONLY:

R14-05-22 Moved and seconded, that Council receive for information the following correspondence from:

- (1) Town of Oliver Re: BC Wildfires Petition - Letter of Support - #17
- (2) City of Maple Ridge Re: Request to Provincial Minister of Health to Allow All Individuals Access to Civic Recreation Facilities - #18

Carried.

MEMBER REPORTS & INQUIRIES:

Councillor Endersby Nothing to report.

Councillor Heatlie Nothing to report.

Councillor Huser See *Appendix A*.

Councillor Segall Attended the Community Energy Association meeting and found it very interesting.

Mayor Lockwood See *Appendix A*.
Mayor Lockwood also noted that she attended a Community Energy Association meeting.

R15-05-22 Moved and seconded, that the verbal and written reports of Mayor and Council be received for information.
Verbal & Written Reports of Mayor & Council

Carried.

PUBLIC QUESTION PERIOD: NIL

ADJOURNMENT: Moved and seconded, that the meeting be adjourned at 7:52 p.m.
R16-05-22

Carried.

I hereby certify the preceding to be a true and correct account of the Regular Meeting of Council held on Tuesday, March 8, 2022.

Mayor

Chief Administrative Officer

- Painted steps at WWTP. (W)
- Broke up sludge blanket at WWTP.
- Co-ordinated, worked with and followed up with contractors on projects including:
 - Blower & Diffuser for Racetracks
 - Drycake
 - Aerators
 - Clarifier
- Ran the skid for the WWTP. (W)
- Ran the press for the WWTP. (W)
- Cleaned headworks screen. (W)
- Cleaned headworks sludge press. (W)
- Emptied waste bin and relined. (W)
- Flushed out effluent manhole. (W)
- Cleaned and filled poly tank. (W)
- Cleaned effluent and splitter box. (W)
- Pulled effluent pump to clear impellers of debris.
- Cleaned both weirs. (W)
- Cleaned out collection trough. (W)
- Cleaned the reactor portion of the poly and sludge tank. (W)
- Switched RI Basins.
- DO Monitoring of second racetrack. (W)
- Greased sludge press. (W)
- Drained compressor. (W)
- Cleaned sludge building floors & walls. (W)
- Cleaned dosage pump valves. (W)
- Cleaned reactor chamber. (W)
- General cleanup around WWTP. (W)
- Checked generator batteries. (W)
- Moved supplies to mixed building.
- Cleaned cone edge.
- Pulled pump to check low flow issue.
- Repaired SVI dipper.
- Shovelled out snow around WWTP.

¹ (W) = Weekend – if a daily activity, it is now be P₁₁ ne 7 days a week.

Water

- Routine weekly samples are being sent in and have all come back well within parameters.
- Completed 2 water shut offs/turn-ons.
- Daily recording of lift numbers at wells. (W)
- Completed monthly maintenance checks on wells.
- Completed monthly generator maintenance. (W)

Village Maintenance

- Removed snow off all Village streets, sidewalks and alleys.
- Moved snow piles to off street locations.
- Filled sanders.
- Plowed snow at recycle depot.
- Sanded Village streets and sidewalks.
- Removed garbage from community cans (W)
- Cleared snow from and unclogged drains.
- Filled snow boxes at SVYCC (Grant in aid)
- Met with engineers regarding upcoming dike work.
- General Civic Works shop maintenance and cleanup. (W)
- Refilled doggi-pot bags as needed.
- Picked up supplies from Castlegar.
- Dropped off recycling.
- Ran test on all back-up generators.
- Repaired street signs.
- Removed animal carcass.
- Met with engineers and contractors regarding the CW shop roof repairs.

Parks & Campground

- KP Campground closed for the season.
- KP washrooms closed for the season.

- ▶ All other organic materials such as grass, leaves, etc. must be bagged in transparent bags.
- ▶ **Rocks, corrugated cardboard, all recyclable and household materials WILL NOT be picked-up.**

Sustainable Salmo
Exploring Our Future. Together.

Fire Chief's Report: Mar. 01, 2022

Regular Council Meeting #06-22

Since the last report on February 1st, 2022 the Salmo Fire Department responded to 7 calls:

1 Jaws Call 3 Lift Assist 3 Structure Fires

DESCRIPTION

Members of the Salmo Fire Department responded to the report of a structure fire on February 9, 2022 at 10:30 pm. On arrival crews found a fully involved fire in a travel trailer with a severely burned victim that had been pulled from the fire by his friends. While some members attended to the burn victim, other members proceeded to extinguish the fire, while others created a pathway by removing a section of fence and packing down a trail in for the ambulance crew to access the victim and then get him carried out to the ambulance. A total of three persons were transported to the hospital with varying degrees of burns. Sadly one person succumbed to his injuries and died in a hospital in Vancouver the next evening.

We responded to a fifth wheel fire on the same property a few weeks later. The RDCK were planning on doing a site inspection, along with Interior Health and RCMP, but I am not sure if an inspection was ever followed through with.

Misc.

The members of the Salmo Fire Department resumed holding weekly fire practices in February, following all the necessary masking and safety protocols. All the basic fundamental skills were gone over with the members so that they have all had recent use of the various skills we may need to use as firefighters. Special attention was given to rope rescue training, as we recently purchased rope braking devices that add additional safety, while greatly simplifying the rescue procedure.

We are planning on getting together with members of the Ymir Fire Department for some practice nights. We are often on scene with them and it would be beneficial to both fire departments to get to know each other better and to share our knowledge and experiences.

We are looking forward to warmer weather when we can get out and safely run through pumping and drafting scenarios in preparation for another hot summer.

Originally Signed By:

David Hearn, Fire Chief

Bylaw Officer's Report: January 1, 2022 to February 28, 2022

Regular Council Meeting #06-22

Complaints:

INFRACTION TYPE	NO. OF INFRACTIONS	RESOLUTION
-----------------	--------------------	------------

None

Enforcement

INFRACTION TYPE	NO. OF INFRACTIONS	RESOLUTION
Traffic/Snow Removal	5	<ul style="list-style-type: none">• Four (4) notices were given out requesting that the owners move their vehicles off the boulevard/street because they are hindering snow plowing. Compliance achieved in all situations except for one (1). Will follow-up.• The Bylaw Officer attended one (1) residence as the owner was throwing snow from his roof onto the Village road. The Bylaw Officer spoke to the owner. Compliance achieved.
Dog	4	<ul style="list-style-type: none">• Stopped and spoke to four (4) residents about licensing their dogs. One (1) resident had tags on their dogs already. Two (2) residents agreed to go to the office and get licenses (compliance achieved) and one (1) does not live in the Village limits so a license is not required.
Business License	4	<ul style="list-style-type: none">• Four (4) notices were hand delivered to businesses as Business Licenses are past due. Compliance achieved with three (3) businesses. Will follow up with one (1) to ensure compliance.

Fred Nevakshonoff, Bylaw Officer

Originally signed and approved by:

Anne Williams, Chief Administrative Officer

The Corporation of the Village of Salmo

REPORT TO COUNCIL

REPORTING PERIOD: February 23, 2022 to March 17, 2022

SUBMITTED BY: Anne Williams, Chief Administrative Officer

1) Utility Billing:

The 2022 Utility invoices were mailed on March 2nd. Those paid before April 15th receive the 10% discount.

2) Grants:

(a) **Celebrate Canada:** We applied for a \$5,000 federal grant and received \$3,360 for our Canada Day celebrations. The grant received is based on a formula to do with population size and varies each year. The money is applied to the cost of the fireworks.

(b) **Mining Equipment Project** – Project scheduled for this spring once the snow is gone.

3) **Zoning (Land-Use) Bylaw:** Review of Council feedback almost complete. Expect to circulate Version 7 very soon.

4) Bylaw Enforcement:

I continue to work with staff, the Building Inspector and the Bylaw Enforcement Officer to address issues with property owners regarding building structures that don't comply with the Village's bylaws, particularly unsightly premises.

5) Budget & Annual Audit

The draft budget for capital projects and major maintenance projects is nearly complete and ready for discussion with Council at a special meeting.

The annual audit by this year's audit firm, Grant Thornton, is well underway.

6) Brewery Application to Make the Patio Permanent

Erie Creek Brewery has applied to the Liquor and Cannabis Regulation Branch (LCRB) to make their seasonal outdoor patio a permanent annual item.

Despite the Village's Outdoor Patio Bylaw #730, the Village is again required by the Ministry to consult the public on the matter. Therefore, we are running an ad requesting comments on the application by April 15th in the Salmo Valley News and on our website and Facebook pages. Letters will also be sent to the immediate neighbours. Once public comments, if any, are received the request will come to Council at the April 22nd meeting for a resolution to endorse the application or not. Council will receive the feedback prior to the meeting.

Note: Council has also received a letter (see Council package) regarding support for *Reducing Patio Application Red Tape for BC's Hospitality Sector and Economic Recovery*. The

process is quite onerous, repetitive and time consuming for both facility owners and municipalities.

7) Shop Roof

The insurance company has assigned Valet Restorations to this job. Fred is working with their engineer on the scope of work.

8) Dike Management

We are gearing up for pre-freshet dike work at the top of Ninth Street. Ninth Street dike-side residents are being advised by letter of the pending work. None of the work planned is behind any homes, so the letter is just to let them know what's happening. We are also coordinating with the Penticton Indian Band as they require that an observer be on site for some or all of the work. They determine how long they are needed for once they get here.

Subject: My script presentation to Federal Justice Committee re prostitution in Canada

Dear Mayor Diane Lockwood and Village Council,

Yesterday was **International Women's Day** and I envision a future where women and girls can dream.

And accomplish all that they want without fear of exploitation.

And a future where their lives are valued and protected.

Attached is my presentation script to the **Federal Justice Committee on February 11, 2022.**

ASK: to present to your Council or stakeholders.

I am available for presentations in May 2022, and October-November 2022.

ASK: that you write the Federal Justice Minister to strengthen and enforce the "Protection of Communities and Exploited Persons Act".

Sincerely, Cathy Peters

BC anti-human trafficking educator, speaker, advocate

Thank you Mr. Chair.

I am a former inner city high school teacher raising awareness about Human Sex Trafficking and Sexual Exploitation for the purpose of prostitution, which is **modern day slavery**.

Stats:

13 years is the average age of recruitment, much younger for Indigenous girls. In the Vancouver area, the **target age has dropped** to 10-12 years old. CoVid has made this worse; traffickers are organized and sophisticated. 90% of the luring, grooming, buying and selling is **ONLINE** on social media platforms.

-54% of the sex trade are Indigenous, 70-90% in urban centers-they are **severely** over-represented in the sex industry. I told the BC Indigenous Chiefs in front of Justice Minister David Lametti- this is the **most egregious form of systemic racism** in Canada.

-82% involved in prostitution had **childhood sexual abuse/incest**

-72% live with **complex PTSD**

-95% in prostitution want to leave-it is **NOT** a choice or a job

-84% of prostituted persons are pimped or trafficked so organized crime and International crime syndicates are typically involved. Crime follows the money and traffickers make hundreds of thousands of dollars per victim per year.

My **GOAL** is to **traffick proof** every community in British Columbia **AND** to stop the full decriminalization of prostitution in Canada, by supporting the Federal Law **“The Protection of Communities and Exploited Persons Act”**.

I have been involved with sexual exploitation **prevention** for over 40 years and began raising awareness **fulltime**, for the last 8 years, since PCEPA, **became Federal Law**.

In 2014 I began presenting to politicians (all 3 levels of government), the police and the public. I explain PCEPA so that police would enforce it, the public would understand it and be able to report it.

The Law has 4 parts:

- 1. Targets the DEMAND by targeting the buyer of sex. The traffickers, facilitator, buyer of sex are criminalized**
- 2. Recognizes the seller of sex as a victim; usually female and is immune from prosecution**
- 3. Exit strategies are in place to assist the victim out of the sex trade.**
- 4. There is robust prevention education so youth, children and the vulnerable are not pulled into the sex industry.**

This Law focuses on the **source of harm**; the buyers of sex and the profiteers. The clear statement from Parliament was that girls and women in Canada are **NOT FOR SALE**; that they are full human beings, with dignity and human rights.

In 8 years I have made over 500 presentations to over 20,000 people, not including the presentations that can be viewed online.

The turning point was last March when the **Kamloops Mass grave** was reported. Since then I have made over 200 presentations to City Councils, Regional Districts, School Boards, Police Boards, schools, frontline service providers, Indigenous groups including MMIWG gatherings in British Columbia.

3 points:

1. PCEPA is not known or enforced in BC. Therefore, BC is the best Province in Canada to buy sex. Organized crime and International crime syndicates are typically involved.
2. PCEPA has not had a **National rollout campaign**- so Canadians have not heard of the Law and police are not getting the funding or training to enforce the Law.
3. The sex industry wants to repeal PCEPA to normalize, commercialize and institutionalize the sex industry in Canada-if this happens, Canada will become a global sex tourism destination and America's brothel. Indigenous women and girls will be first casualties. Canadians would **NEVER** support this.

Consistent enforcement and the strengthening of PCEPA combined with a robust **Educational campaign** is needed. Without the enforcement of the Law, the sex industry will continue to **rapidly grow**.

The REVIEW of PCEPA puts Canada at a **Tipping Point**; repealing or weakening the LAW will have a **catastrophic impact** on Canada.

Conclusion: I do not want anyone on this Committee to be under the **illusion** that the sex industry is **SAFE**. It can **never** be made SAFE. It is a **deadly industry**. I have presented with the forensics RCMP officer who picked up and identified the body pieces on the Robert Pickton farm. Trisha Baptie is presenting next hour, is a survivor and was a journalist for 2 years at the Pickton trial. Please read and understand the **Robert Pickton case thoroughly**; that describes the **REALITY** of the sex industry and how it works.

Hello All,

Please see this short message from Mayor John Dooley at the City of Nelson.

<https://youtu.be/Z8F-z4KgiEw>

The City of Nelson donated \$1000 to the Red Cross Ukraine Humanitarian Crisis campaign and hopes that you will join our municipality in making some sort of donation.

Thank you,

Ginger

UBCM Member Municipalities

Dear UBCM Members:

Re: Support for Resolution

I am writing on behalf of Abbotsford City Council, requesting favourable consideration and resolutions of support for recovering municipal costs through Build Back Better Funding for critical infrastructure for inclusion at the upcoming LMLGA Convention, in advance of the UBCM Convention this fall.

At the February 28, 2022 Council Meeting, City Council approved the following resolution:

WHEREAS the Province of BC completed a Preliminary Strategic Climate Risk Assessment for B.C. in 2019 that found that extreme weather events will continue to worsen across the province in coming years including heat waves and severe river flooding, with extreme precipitation events continuing to increase toward 1 in 20 year events becoming 1 in 10 year events or lower;

AND WHEREAS the Minister for Public Safety and Solicitor General and Emergency Management BC have been working closely with the UBCM Flood and Wildfire Advisory Committee and local governments since mid-2019 to modernize Emergency Program Act (EPA) to support local governments in responding and planning for disaster mitigation through phased-in legislative updates beginning in 2022:

THEREFORE be it resolved that the provincial government, as part of the process of modernizing the EPA legislation, include robust and sustainable 'building back better' funding at 100 per cent as part of the first phase of the updated EPA legislation in 2022; and additionally consider enhancing the Community Resiliency Investment Program to include funding programs for flood related infrastructure improvement.

We look forward to, and appreciate your support on this matter.

Yours truly,

Henry Braun
Mayor

Honourable George Heyman
Ministry of Environment and Climate Change Strategy
P.O. Box 9047 Stn Prov Govt
Victoria, B.C. V8W 9E2

Dear Minister Heyman:

Re: Milk Container Recycling in British Columbia

This letter is regarding the recently implemented 10-cent deposit on milk and plant-based beverages which came into effect on February 1, 2022 as part of the CleanBC Plastic Action Plan.

The District of Elkford understands the need for this deposit and the action plan to prevent plastic waste, keep more waste out of the landfills and reduce greenhouse gas emissions to create a cleaner, better future. Additionally, the District has long been an advocate for initiatives to accomplish the same goals.

Unfortunately, the nearest location for Elkford residents to recycle milk containers is a 65 km drive to the City of Fernie, resulting in a 130 km round trip for a resident of the District of Elkford to the nearest return-in centre to receive their refund on these containers. Commuting this distance for the refund is not only an inadequate solution but is counterintuitive to our collective efforts to reduce greenhouse gas emissions.

While we recognize that residents of Elkford still have the option of placing these containers through the existing RecycleBC Depot at our local transfer station, we do not feel that it is equitable for the residents of Elkford to have this as the only reasonable option after paying the deposit at the time of purchase.

We would like the Province to reconsider this deposit-refund system to ensure that it is equitable to all residents of British Columbia while still encouraging the reduction of waste in landfills and ensuring viable solutions to continue to reduce greenhouse gas emissions.

Sincerely,

Dean McKerracher
Mayor

VILLAGE OF SALMO

British Columbia Municipalities

Re: Reducing Patio Application Red Tape for BC’s Hospitality Sector and Economic Recovery

As we emerge from the pandemic and begin the long road to economic recovery in all corners of British Columbia, we look forward to working collaboratively with municipalities to enable public and private patio programs that support our local small businesses.

With 80% of hospitality businesses still losing money and accumulating more debt each month combined with inflationary pressures where food prices increased by 5.7% last year and will increase another 5.3% in 2022, it will take two thirds of hospitality businesses one and half years to return to profitability. On top of that recent polling indicates that more than 60% of consumers are still hesitant to return to indoor dining due to COVID safety concerns. As a result, **continuing expanded outdoor dining on patios continues to be an important factor in helping the hospitality industry recover from the pandemic.**

Recently, we have witnessed the unintended consequences in municipalities such as City of Vancouver where new guidelines for its public patio program were not designed in consultation with small businesses and did not create the intended solutions supported by council. Instead, the program created additional fees, red tape, and duplication of effort for those restaurants, pubs, and breweries looking to keep their successful patio open this summer. Despite aiming to “streamline the review process” the additional hurdles created significant delays which required staff to rework the program within days of its release.

In order to avoid these unintended consequences, we encourage municipalities to consult directly with small businesses and our various associations. **Our key recommendations include:**

1. **Extend current patio programs without implementing new restrictions or fees;**
2. **Streamline approvals to ensure those small businesses who have been safety and successfully operating patios may continue to do so;**
3. Increase flexibility for patio types and sizes as well as the number of patios allowed;
4. Increase the space use of existing patios or picnic areas to allow chairs to be spread out to meet distancing requirements;
5. Allow pop-up outdoor dining and manufacture sampling spaces;
6. Allow and increase the use of parklets and public space for dining;
7. Allow any increase in patio, picnic area or outdoor space be considered a continuation of an establishment’s existing approved alcohol service area or manufacture’s sampling area to provide samples and not require additional endorsements or authorizations; and
8. Coordinate with any relevant bodies—such as the Liquor and Cannabis Regulation Branch, Fire Department, etc.—to reduce red tape and speed approval timelines wherever possible.

At a time when economic recovery and supporting our small businesses is a priority for all of us, we are confident that by working collaboratively we can reduce red tape and unnecessary fees associated with public and private patio programs.

Sincerely,

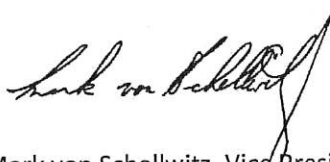

Ken Beattie, Executive Director
British Columbia Craft Brewers Guild

Ian Tostenson, President and CEO
BC Restaurant and Food Services Association

Jeff Guignard, Executive Director

THE CORPORATION OF THE VILLAGE OF SALMO REPORT FROM COUNCIL

COUNCILLOR HUSER

Council Report for Council Meeting held on March 22, 2022.

PORTFOLIOS

Salmo Valley Youth & Community Centre: the 2022 meetings are going to be: April 26, June 28, Sept 27 (AGM)

Parks: Awaiting discussion on the KP Park Concession building – I heard that the roof has leaked quite a bit during the last 2 years – do we have funds available to get the roof fixed and some general maintenance so that it could be used until a new building is decided on? Has there been an assessment of this building done?

Cemetery Working Group: Still have a few emails to get converted – waiting to hear if any other quotes have been received by the office.

Civic Works: Nothing to report

Bylaw & Policy Review: Zoning Bylaw – looking forward the COTW for a full review.

RDCK Alternate Director: Nothing to report

OTHER MEETINGS OR ACTIVITIES OF NOTE

March 8th, 2022 – RDCK Budget Presentation – Attended the in-person budget presentation at SVYCC

Respectfully submitted,

Councillor Jacquie Huser

THE CORPORATION OF THE VILLAGE OF SALMO REPORT FROM COUNCIL

COUNCILLOR SEGALL

Council Report for Council Meeting to be held on 22nd March, 2022.

PORTFOLIOS

Economic Development

1. ETSI Funding

10th March – Participated in the 1st Anniversary Online event.

During their 1st year the group managed to contribute \$3.1 million in grant funding in the region.

Salmo was grateful for receiving \$15000 towards our much needed transit study.

We were one of 85 projects that received support in the region.

2. Salmo and District Chamber of Commerce

Followed up on the 22nd February report with reference to a Buy, Stay and Play Project funding opportunity.

Unfortunately this was a missed opportunity for Salmo, the Chamber looks forward to working much more closely with the Village of Salmo on future potential grant applications.

The following detailed response was received from the Chamber office.

"On Monday Jan.31 at 4:07 pm I received an email from Mayor Lockwood that went to Henry, Darren Davidson and the cao@salmo.ca. regarding the buy stay and play local grant.

Later that day Jan. 31 at 4:18 pm I received a cc email from Darren Davidson that was addressed to Mayor Lockwood stating "I'll see if I can learn a little more about the program, and report back."

As the banners are the Village of Salmo's, and in the past, have been purchased, designed and placed by them, I understood that Darren would follow up and report back to Mayor Lockwood, it seemed that the grant was being looked into by Darren.

On Feb. 8th at 7:11 PM Darren sent an email to the Mayor and cc to myself, Henry and the COA, I did not see this until the morning of Feb. 9th.

Darren stated that he had been in touch with CBT and a buy-local branding or marketing campaign like new banners for town, highlighting different sectors of the Salmo economy might very well fall into the types of eligibility for the program and he said that the "Deadline is fast approaching though! It's the end of the week, Feb 11."

Unfortunately, we did not have a shelf-ready project that could be applied for in 2 days and it had been my understanding that Darren was looking into this on behalf of our chamber.

Maybe if the Mayor or Village office has an idea that would fit with a grant that the Chamber could apply for, they could gather the information and the Chamber could do the application (when it is something the Village has information on). The Mining project was done in this way but reverse, the Chamber gathered the information, put it together and the Village applied for the grant."

OTHER MEETINGS OR ACTIVITIES OF NOTE

1. Kootenay Cannabis Economic Development Council

2nd March - Participated in a monthly online meeting to determine presence at the upcoming Kelowna Summit on Cannabis
The submission of the group to the Federal authorities is attached.

2. Canada Marches for Freedom

16th March - Attended a welcome potluck and greeting in Salmo for Veteran James Topp as he marches on his way across Canada

February 25, 2022

Re: Budget 2022 Consultation

The first few years of cannabis legalization have been fraught with challenges for producers who have been licensed under the Cannabis Regulations. The most severely impacted have been small-scale private Canadian businesses, who due to regulatory requirements are often forced to sell their products to their larger competitors. However, today, our focus is on a budgetary issue that affects **every** single licensed producer, big and small, though it is an existential issue for small and medium enterprises (SMEs) that has already forced several popular brands to go out of business (such as [Shelter Market](#) and [CannMart](#)).

The current excise duty regime for cannabis in Canada is incredibly problematic. In a nutshell, the excise duty owed on cannabis flower is currently set at \$1/g or 10%, **whichever is higher**. There has been a significant price compression since the outset of legalization. Since the licence holder is obligated to pay the higher amount, at \$1 per gram, the excise duty is often 30-130%. This is not a typo. Outdoor cannabis flower often sells for under \$1/g (and can be lower than 50 cents). For many producers in Canada, the government makes more money than the actual farmer, and this does not include sales tax, provincial markups, and the various other unavoidable costs of doing business.

This elevated excise duty regime has no parallel in any other regulated industry in Canada. Some companies are paying 30% of their top-line revenue in excise duty, and some (such as [Tantalus Labs](#)) say they pay about 3 times as much in excise duty every month as they do in payroll. The current excise regime makes it so that companies cannot be profitable. The profit that they would have made (due to sound business decisions) all goes to the government. This is unsustainable, and will result in a market where solely the largest public companies remain, due to both economies of scale and their ability to absorb these costs with the millions of dollars they received for their shares. The effects of this have already begun, with a handful of beloved and incredibly popular craft cannabis brands shutting down their operations due to an inability to be profitable, largely due to the excise duty regime.

Additionally, this excise duty regime does not differentiate between medical and recreational cannabis. Charging this much duty on medicine is completely unacceptable. [Prescription medicines are generally "zero-rated"](#), exempt from both excise duty and sales tax to keep the costs of medicine as accessible as possible. Medical cannabis is the exception to this rule, with patients required to pay both excise and sales taxes due to a technicality: cannabis prescriptions are officially "medical documents," and therefore not "prescriptions". Canada is *the only* North American jurisdiction that [taxes medical cannabis identically to recreational cannabis](#), and over 27,000 Canadians have asked for this taxation to end for medical patients.

In Canada, there are tens of thousands of small scale cannabis producers working in either unlicensed or medical markets. The vast majority of these producers are heavily involved in their communities, and a Department of Justice Canada report showed that 95% of illicit growers do not have any connection to organized crime. These producers fought for decades to legalize the medicine that they are passionate about, and most of them today are choosing not to transition to the licensed world because it doesn't make any financial sense for them to do so. If

they get a license (which will cost them hundreds of thousands of dollars), they will go out of business because it is near impossible today to turn a profit.

The cannabis sector, particularly the small and medium scale producers, suffer from assumptions that cannabis is a highly profitable enterprise, which results in a cumulative and unbearable load of fees, taxes, and other costs. For example, credit unions are among the few banks that are willing and able to open bank accounts for licensed cannabis businesses: as a result, cannabis businesses have no other choice but to pay \$250 / month in banking fees, even when there is no activity on the account. Business licenses provided by local government can be as much as ten times a regular business license. In our region, many of our long-licensed operators are still waiting to make any profit, based on the limited pathways to market, extremely high overhead, and payment schedules for the goods that they produce that do not recognize nor accommodate the precarious nature of their financing and cash flow.

If the Canadian government were to change the excise duty regime to be comparable to other regulated industries, and to reduce the excise duty on medical cannabis to be in line with other prescription medicine, a few things would happen:

1. Initially, the tax revenue for the government would decrease slightly. Using data from Bloomberg and from the [Deloitte economic impact report](#), of the taxes collected in the first three years of legalization, only \$1 billion of cannabis tax revenue came from the excise taxes. The remaining \$14.9 billion came from other tax sources (e.g. sales tax, corporate tax, personal income tax, property tax, etc.).
2. Licensed small-to-medium cannabis producers would stop shutting down their operations, since for the first time since legalization, they would be able to reliably turn a profit.
3. Significantly more small-to-medium cannabis producers would begin applying for licenses, since now there would be a legitimate path to financial viability.
4. Most of those license applicants would be transitioning from the illicit market, which would greatly reduce the size of that market - helping achieve that stated goal of the Canadian government in legalizing recreational cannabis.
5. Within a few years, the revenue that the Canadian government would receive from the excise duty regime would likely dwarf the current revenue.

Some things to note:

A) The publicly available 2021 Health Canada cannabis statistics show that 37% of Canadians purchased cannabis through illicit channels. However, this data came from a government survey. This means 37% of Canadians were comfortable telling the government that they purchased cannabis illegally. The actual number is quite logically much, much higher than these survey results imply.

B) The Deloitte report shows that the legal cannabis industry has already had huge positive impacts for the Canadian economy. Since legalization, there has been \$29 billion spent on capital expenditures, \$11 billion in legal cannabis sales, and a \$43.5 billion boost to Canada's GDP. Additionally, the legal cannabis industry is directly sustaining 98,000 jobs.

Micro licenses were growing at an exponential rate for the first few years of legalization, but they have now tapered off, since people have realized that it's near impossible to be financially

viable. By altering the excise duty regime and therefore making it easier for small-to-medium businesses to thrive in the regulated market, the rate of new licensees will return to a growth pattern.

If the excise regime is updated to use the same logic used for literally every other regulated industry in Canada, we expect thousands more SMEs to transition, enabling many tens of thousands of additional sustainable jobs, allowing rural communities in Canada to contribute to economic recovery post-pandemic, and increasing Canada's GDP much further.

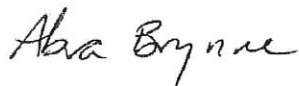

It would be important to take into consideration that larger standard processors often package cannabis for micro and small standard cultivators. Various provincial governments are actively determining policies to take into account the reality that cultivators rely on processors to access distribution channels, and any excise costs are passed on to the cultivators and both recreational and medical consumers.

We therefore recommend:

1. Remove the \$1 minimum per gram tax per gram, and maintain a graduated percentage on every recreational gram sold for LPs of all sizes. Remove the requirement to charge excise duty on medical cannabis.
2. Tax businesses based on scale, as we see in the Canadian beer industry. This compensates for the substantial economies of scale enjoyed by large producers. Introduce different tax tiers for:
 - Micro license holders
 - Craft scale standard license holders
 - Small to medium enterprise standard license holders
 - Large enterprise standard license holders

Thank you for taking the time to read this submission.

Sincerely,

Abra Brynne, Coordinator
Kootenay Cannabis Economic Development Council

THE CORPORATION OF THE VILLAGE OF SALMO REPORT FROM MAYOR/DIRECTOR

MAYOR/DIRECTOR LOCKWOOD

Mayor/Director's Report for Council Meeting held on March 22, 2022.

EXTERNAL AGENCIES:

Area G Emergency Preparedness: TBA

Alternate – Ktunaxa Kinbasket Local Government Treaty:

PORTFOLIOS/LIAISONS:

Citizen Engagement:

Economic Development: Having Canada Days go forward this year will help groups and businesses start on a path of economic health and prosperity.

Fire Department:

Budgets/Utilities: Utility bills are out and paying before April 11 you receive 10% discount.

RDCK:

Board: The Board passed the first three readings with regard to removing the Village from service S105 - Community Sustainability. The Five-Year Financial Plan included the Village being in this service, but once the fourth reading is through, we will have two options:

- i. that we stay with the service for the remainder of the year, or
- ii. the RDCK would refund the taxpayers in 2023 for the prorated amount for 2022.

The Salmo Outdoor Pool Rebuild Grant application for \$150,000 has been accepted and awarded by the CBT for the period February 24 to December 31, 2022. Phase one includes replacing heating and sanitization equipment and the mechanical room. We would like to thank the CBT for this contribution.

A new service bylaw will be established for the Salmo and Electoral Area G Library Aid Service subject to staff conducting a public consultation process; voter approval will be done through the Alternative Approval Process.

Community development funds supported Salmo's 2021 firehall upgrades in the amount of \$30,000.

In-person DOT Night has been approved with modifications. It will happen on April 27, 2022, from 5:00 to 7:00 pm at the Salmo Valley Youth and Community Center. Dots will be handed out to residents of Salmo and Area G. There will not be any presentations this year. However, there will be information available about the projects requesting funding. The cut off time to get dots will be 7:00 pm.

The RDCK Five-Year Financial Plan bylaw has had three readings and adopted.

Joint Resource Recovery Committee: The Resource Recovery Facilities Regulatory Bylaw No. 2803, 2022 will be brought back to this committee in April as we expand what is accepted and what is not accepted into the organics landfills for the Central and Creston sites. We also set tipping fees.

There is an RFP being issued for the procurement of up to five (5) Roll-Off Bins for the collection of organic waste at the Ootischenia Landfill and Grohman Transfer Station.

Community Sustainable Living Advisory Committee: Bylaw being sent to the Board to remove Salmo from this service.

All Recreation: June 29, 2022

Recreation Commission: Next meeting April 11, 2022

West Kootenay Transit Committee: Next meeting June 22, 2022

West Kootenay Boundary Regional Hospital District: Next meeting June 22, 2022

Other meetings of note:

Mayor's and chair Highway 3 Coalition:

Southeast Regional Meetings:
