

The Corporation of the Village of Salmo

SPECIAL MEETING INCLUDING ITEMS CLOSED TO THE PUBLIC

A Special Meeting of the Council of the Village of Salmo to be held in Council Chambers at 423 Davies Avenue, Salmo, B.C. on **Tuesday, February 13, 2024 at 6:00 p.m.**

The public may attend in person or electronically. The electronic link will be available on our website on Monday.

Traditional Lands Acknowledgement Statement: We acknowledge and respect the indigenous peoples within whose traditional lands we are meeting today.

AGENDA:

1. Call to Order
2. Adoption of Agenda

RECOMMENDATION:

Pg.1

That the draft agenda of Special Meeting of Tuesday, February 13, 2024 be adopted as presented.

3. Operational Reports

- (1) Civic Works Re: Glendale Generator Gas Source Update

Pg.3

RECOMMENDATION:

There is no recommendation from staff, Council should direct staff of next actions required.

- (2) Administration

Pg.5

a. RECOMMENDATION:

That Council approve directly awarding Dehnel Planning to support the Village of Salmo to implement the legislative requirements of Bill 44, and 46 with a total budget of \$40,000.

b. Information

Pg.13

That Council receive the Draft Strategic Plan for information and direct staff to bring it back to Council for discussion in the February 27, meeting of Council.

4. 2024 Budget Discussion

- (1) RECOMMENDATION:

Pg.17

That Council receive for information the draft 2024 budget for discussion.

5. Public Input

6. In Camera Resolution

That the meeting be closed to the public under Sections 90(1)(j) of the
Community Charter.

7. In Camera Items

(1) Auditor Discussion

8. Reconvene Open Meeting

9. Rise & Report

10. Adjournment

Given under my hand this 8th day of February 2024 and posted in accordance with Section 127 of
the Community Charter.

Originally Signed By:

Ange Qualizza

The Corporation of the Village of Salmo

Report to Council

Report Date: February 5, 2024

Meeting Date: February 13, 2024

From: Fred Paton, Civic Works Foreman

Subject: Glendale Generator Gas Source Update

1. OBJECTIVE

To bring back to Council additional information on the Glendale Generator Gas Source as directed in the December 12, 2023 Regular Meeting of Council.

2. DISCUSSION

Council directed staff to bring back for consideration a full cost estimate associated with purchasing additional propane tanks to extend the run time of the back up generator.

Based on the information provided by Frontier Power, staff had considered bringing back three options for Council to consider that would provide three different generator run times.

On January 3, 2024 however, we had a site visit with Superior Propane where they provided an analysis of our current system, and determined that there was only one solution available to support the back up generator due to the volume of fuel required by the generator.

3. BACKGROUND

On November 29th, 2023, Frontier Power Products was on location to commission our generator, the back up power source for the Glendale Well.

While on site, Frontier Power noted that the generator was not receiving enough propane from the cylinders due to the size of the regulator between the tanks and the generator. Staff have ordered the part to ensure the generator will have an adequate fuel supply so it will function properly.

The intent of this report is to advise Council how to extend the operation time of the back up generator at Glendale Well. Noting that should the generator run out of fuel causing the pump to stop, it could damage the motor irreparably.

Superior Propane advised that the draw on our generator is significant and shouldn't be compared to a residential propane system. The heating of the propane is about managing the draw.

On site, Superior Propane called for technical support to analyze the fuel needs for our specific generator. They told us that our current system of two 420-pound propane tanks would supply less than 4 hours of run time.

The only option recommended was to install a 2,000-gallon tank which should provide approximately 90 hours of run time.

It was also advised, that due to the amount of BTU load a 1,000-gallon tank has, it will not run the generator at the Glendale Well.

Questions and Answers:

Why do we need a 2000 uswg tank and not something smaller?

Based on our tank sizing calculator tool, the larger the generator is, the bigger and faster the draw will be. This means more pressure from inside the tank is required. Essentially, the larger the tank, the more pressure it puts out. This is why pig tanks would never be capable of keeping up with the load demand of the generator. The larger the tank, the faster the propane can vaporize and move into the generator.

How did you calculate that this size of tank would be able to run the Genset for approximately 90 hours?

Based on BTU's, we can very quickly determine the run time of the tank at 50% load, 78% load, and 100% load. (Load refers to the Genset fuel requirements)

Budget

- \$29,188 + tax (includes purchase of the tank and delivery)
- \$ 399.00 (Superior Propane part of the install)
- Unknown – Cost of the gasfitter to complete final connection and pull a connection permit. This will include completing piping from tank to unit.
- \$ 1,545 + tax heat blanket
- \$3,800 cost to fill tank (based on today, this price is not firm).
- \$ 10,000 site prep

Total known costs ~ \$44,932.00 + tax

4. OPTIONS

- a) To direct staff to purchase a 2,000-gallon propane tank and complete the installation, for a budget of \$50,000 to ensure the Glendale Well has an adequate supply of fuel in the event of an emergency.
- b) To direct staff otherwise.

The Corporation of the Village of Salmo

Report to Council

Report Date: January 25, 2024

Meeting Date: February 13, 2024

From: CAO Qualizza

Subject: Planning Services

1. REQUEST FOR DECISION

RECOMMENDATION:

That Council approve directly awarding Dehnel Planning to support the Village of Salmo to implement the legislative requirements of Bill 44, and 46 with a total budget of \$35,000.

2. BACKGROUND

In a letter received December 21, 2023 from the Ministry of Housing, the Village of Salmo was notified that we will be awarded \$156,221 by the end of January 2024 for local governments to advance the work of implementing Bill 44, 46 and 47.

This funding is intended to support activities or projects to support activities local governments must undertake to meet the new legislative requirements. Examples include updates to existing zoning bylaw, parking bylaw, Official Community Plan (OCP), Official Development Plan (ODP), Development Cost Charge (DCC Bylaw), Development Cost Levy (DCL) or Housing Needs Report (HNR), as well as the development of a new zoning bylaw, OCP, ODP, DCL, or develop a new amenity cost charge (ACC) bylaw.

In 2023 the province created legislation that requires all BC Municipalities to update their zoning bylaws to allow infill housing on single- family lots without requiring rezoning. The Village of Salmo must update their zoning bylaw to accommodate Small-scale multi-unit housing by June 30, 2024.

3. DISCUSSION

Council in the July 11, 2023 meeting passed resolution R13-13-23 "*That Council retain Patricia Dehnel's services on a contract basis for one day per month*".

Further to this, Ms. Dehnel is a registered professional planner with many years of community planning and Local Government administration having worked with the Village of Salmo on a number of Kootenay Collaborations over the years. These include, Accelerate Kootenays, Carbon Neutral Kootenays, the

Salmo Strategic Community Energy & Emissions Plan, the Salmo Corporate Carbon Neutral Plan, and the RDCK's Regional Energy Efficiency Program.

Most recently, Ms. Dehnel was hired by the Village of Salmo to advance Zoning Bylaw.

Among the planning work, local governments are anticipating a lot of technical GIS analysis and legal review. Thus, I am recommending, advancing a direct award to Dehnel Planning to advance the planning work and keep the remaining budget to manage the additional work required.

After speaking with Ms. Dehnel about the work plan required to support Salmo for planning services, we estimate about 33 days of planning, with budget to support site visits as required. This budget will not include our OCP update, and as such, the OCP update will be considered as a complete project in 2025.

Due to the past working relationship Ms. Dehnel has with the Village of Salmo and the short timelines associated with implementing the first phase of Bill 44, I respectfully recommend direct awarding this contract to Ms. Dehnel.

4. PURCHASING POLICY

Tendering:

The recommended procedures and guidelines for tendering contracts must follow the principles as defined by the Master Municipal Construction Documents.

The process should be utilized for purchases of goods or services in excess of \$40,000.00 including:

- a. Construction projects
- b. Capital purchases;
- c. Major annual supply contracts
- d. Major equipment leases or rentals.

Respectfully submitted,

CAO Qualizza

Capacity Funding for Local Government Housing Initiatives Program Scope and Guidelines January 2024.

Capacity Funding for Local Government Housing Initiatives

Program Scope and Guidelines

January 2024

1. Introduction

The Government of British Columbia is providing \$51 million in grant-based funding to help facilitate implementation and support local governments to meet new legislative requirements of Bill 44 Housing Statutes (Residential Development) Amendment Act, Bill 46 Housing Statutes (Development Financing) Amendment Act, and Bill 47 Housing Statutes (Transit-Oriented Areas) Amendment Act.

Grants will be distributed to 160 municipalities, 27 regional districts and the Islands Trust. The grant amounts are based on a formula with two components: a flat funding amount and a per-capita amount. For municipalities, the flat amount is \$150,000 and the per-capita amount is \$4.39. For regional districts, the flat amount is \$80,000 and the per-capita amount is \$5.80.

2. Eligible Projects

The grant funding will support local government planning capacity to adopt Local Government Housing Initiative requirements for small-scale multi-unit housing, pro-active planning and transit-oriented development areas, as well as adopt development finance tools.

Funding can be spent on any planning and implementation activities local governments will need to undertake to successfully meet the legislative requirements of Bill 44 Housing Statutes (Residential Development) Amendment Act, Bill 47 Housing Statutes (Transit-Oriented Areas) Amendment Act, and to update or adopt tools from Bill 46 Housing Statutes (Development Financing) Amendment Act.

Any funds provided by the Province to the Recipient that cannot be committed to an eligible project must be returned to the Province upon written request.

Examples of eligible projects include a new project or update to an existing plan or bylaw:

- housing needs report (HNR)
- official community plan (OCP)
- zoning bylaw
- development cost charge (DCC) bylaw
- amenity cost charge (ACC) bylaw
- transit oriented density bylaw
- transportation, parks or neighbourhood plan
- procedures bylaw
- works and services bylaw
- parking bylaw
- infrastructure master plans
- asset management plans or strategies
- long-term financial plan
- capacity modelling/analysis
- condition and risk assessments
- demand management strategies
- stormwater surcharge or rainwater recharge studies

Eligible projects must:

- Meet the requirements of the updated *Local Government Act* or *Vancouver Charter*.
- Be scheduled for completion by the date specified in the new legislation or have an approved extension.
- Once completed, be received by the local government Council, Board or Local Trust Committee in a meeting open to the public. In the case of regional projects, the report must be received by the Council, Board or Local Trust Committee responsible for each planning area that is included in the project.
- Once completed, be published online for free public access.

3. Eligible Use of Funds

Eligible Costs and Activities:

Eligible costs are direct costs that are approved for funding, properly and reasonably incurred, and paid by the local government to carry out eligible activities.

Funding can be used for regional projects that cover two or more planning areas (i.e., municipalities, electoral areas, local trust areas). A municipality may contribute from its

funding to a regional project if that municipality is a participant and the funding is dedicated for planning purposes.

Examples of eligible activities include:

- Project management and co-ordination.
- Data collection (from public agencies and/or other data sources), compilation and analysis, not including the collection and compilation of data made available at no cost via the Province for the purpose of eligible projects.
- Research specific to eligible projects.
- Community engagement activities (i.e., online and physical promotion and advertising materials, community surveys, events and engagement activities, collaboration with neighbouring local governments, Indigenous governments and communities, and partner organizations).
- Publication of eligible projects (i.e., editing, proofing, graphic design, online material distribution).
- Presentation of eligible projects to Council, Board, or Local Trust Committee.

The following costs are also eligible, provided they relate directly to the eligible activities identified above:

- Incremental staff and administration costs (i.e., creating a new position or adding new responsibilities to an existing position).
- Software and digital costs to support eligible activities (i.e., survey platform fees, subscription fees for digital engagement, web and IT services related to online materials and engagement).
- Consultant or other third-party contract costs relating to eligible projects.
- Public information, consultation and engagement costs.
- Training and capacity building for local government staff specific to eligible projects.

Ineligible Costs and Activities:

Ineligible costs and activities include:

- Collection of data similar to that made available at no cost via the Province for housing needs reports (HNRs), official community plans (OCPs), zoning bylaws, or other purposes.
- Routine or ongoing operating and/or planning costs or activities that are not instrumental or necessary to successfully complete the project (e.g., tracking and reporting of development and building permits).
- Capital costs (including computer hardware).
- Other costs unrelated to eligible projects (i.e., costs associated with onboarding/training new staff, purchase of software, licenses, service subscription and membership fees for unrelated projects).

Freedom of Information and Protection of Privacy Act:

Activities must comply with all applicable privacy legislation under the *Freedom of Information and Protection of Privacy Act* in relation to the collection, use or disclosure of personal information while conducting funded activities. Personal information is any recorded information about an identifiable individual other than their business contact information. This includes information that can be used to identify an individual through association or inference.

4. Grant Management

Grant recipients are responsible for completion of the project(s) and for meeting reporting and legislative requirements.

Recipients are also responsible for proper fiscal management, including maintaining acceptable accounting records for the project. Ministry of Housing reserves the right to review project documents and costs. Recipients must retain records until December 31, 2026.

The Province expects local governments to use this funding prior to December 31, 2025, by which time they will be required to meet the new legislative requirements.

5. Reporting Requirements

Each recipient must report annually for each calendar year (i.e., January 1 to December 31).

The report form will be provided and will require the recipient to summarize the following information:

- The total amount of funding expended during the reporting period and the balance of the funding remaining at the end of the reporting period.
- Total project(s) budget and expenditures on each project during the reporting period.
- A brief description of the project(s) the funding was used to support.
- How the project(s) aids in meeting the new legislated requirements (e.g., update of zoning bylaw to accommodate small-scale, multi-unit housing, adoption of transit-oriented development area bylaw, development of an amenity cost charge (ACC) bylaw, development of a transportation plan to support proactive-zoning and area planning).
- Progress achieved on the project in the reporting period (e.g., updated parking bylaw passed second reading, updated zoning, designation of transit-oriented development areas completed).
- The date by when the recipient has met a legislative requirement (e.g., approval of updated parking bylaw so it is now consistent with transit-oriented development legislation). The Ministry will be documenting this information to monitor progress across the province in meeting the new requirements.

The annual reporting must be completed until such time as the grant funding is entirely expended or the legislated requirements applicable to the reporting recipient are met (whichever occurs last).

Recipients must provide a separate report (schedule) to their annual audited financial statements. (as required under s.167 of the *Community Charter* and s. 377(1)(a) of the *Local Government Act*) until the Local Government Housing Initiatives funding is fully expended (drawn down to zero). The form of the schedule to the annual audited financial statements will be left to the discretion of the local government. The Ministry retains the right to

request additional information from local governments as required. This report does not need to be audited.

Submission of Reports

Electronic copies of the completed reporting forms are required to be submitted within 45 days of the end of the reporting period.

Report forms should be submitted as PDF files. Total file size for email attachments cannot exceed 20 MB.

All final documents should be submitted to:

Planning and Land Use Management Branch, Ministry of Housing

E-mail: PLUM@gov.bc.ca

6. Additional Information

For enquiries about the program, please contact:

Ministry of Housing
800 Johnson Street
Victoria, B.C., V8W 1N3

Email: PLUM@gov.bc.ca

Phone: (250) 387-3394

For more on the new legislative requirements, supporting data and guidance, please visit the webpage where Ministry of Housing will provide updates on local government housing initiatives: [Local government housing initiatives - Province of British Columbia](#).

Report to Council

Report Date: February 5, 2024

Meeting Date: February 13, 2024

From: CAO Qualizza

Subject: Draft Strategic Plan

1. OBJECTIVE

To share with Council the Draft Strategic Plan and schedule our next meeting to discuss the plan in detail.

2. BACKGROUND

On January 8, 2024 Council participated in a full day Strategic Planning Session with Linda Tynan Consulting Services, and the results of that day are attached for your consideration.

3. DISCUSSION

To prioritize the 2024 work plan coming ahead, it will be very useful for staff to have Council work through the Strategic Plan so we have clear direction on our shared goals for Salmo over the next several years.

Attachment: Draft Strategic Plan

Respectfully submitted,

CAO Qualizza

| Estimated Closing Sewer Fund Balance | (20,312) | (58,211) | (97,635) | (139,919) | (203,289) | (261,579) |

Note: Leveraging the Growing Communities Fund for capital investment at the following rates:

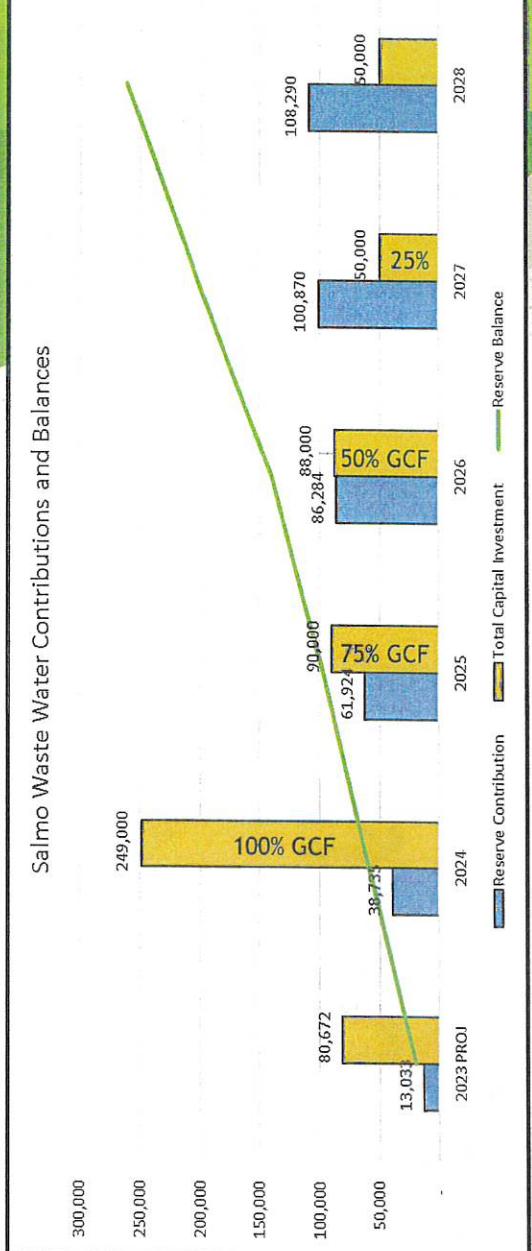

2024: 100%
2025: 75%
2026: 50%
2027: 25%
2028+: 0%

Draft Utility User Fees - Waste Water

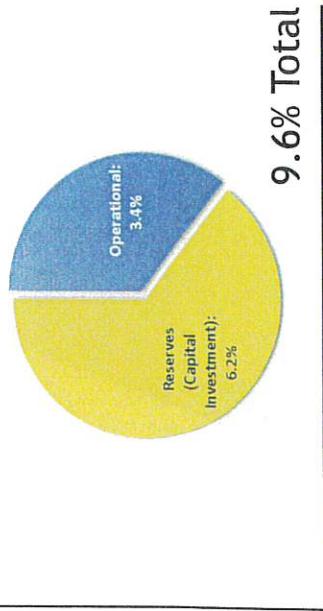

Budget Factors:

- Inflationary Components (Electricity & Waste Removal)
- Fully Staffed Utility
- Increase Reserve Contributions
- Leverage Growing Communities Fund (GCF)

P.27

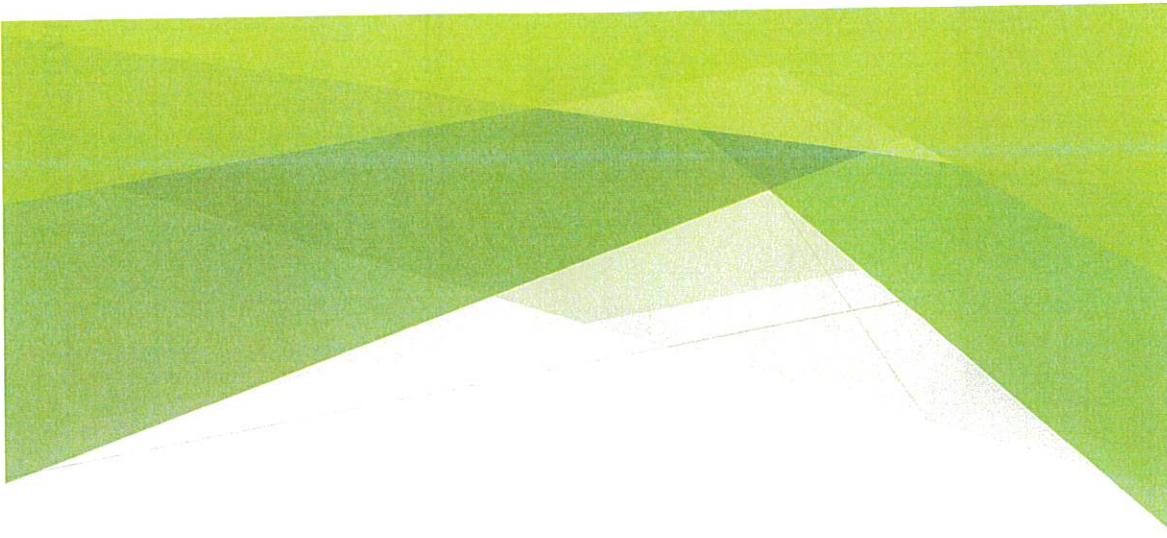

Salmo Waste Water Contributions and Balances

Waste Water User Fee Increase Breakdown

Recommendation:

- An increase in waste water user fees by 9.6% (\$51/yr for residential household)

2024

Capital Priority Ranking:

| Ranking | Description |
|------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1. Critical | Exclusion of this project increases risk to the municipality, has a negative future cost impact, or both. Has been identified in the AWIP. |
| 2. Required | Outside agencies, internal policy, or previous approval and initiation of the project such that exclusion would risk non-compliance or loss of previous investment. |
| 3. Strategic | Specifically identified in the municipality's strategic plan or it represents an increase in capacity to achieve Council's strategic goals. |
| 4. Optimal | The project may have one or more dependencies with another project; while on its own it may be fully discretionary but completing the project at this time represents future cost savings, an increase in value, or reduction in risk. |
| 5. Discretionary | This project is a specific request of Council, constituent, or other stakeholder that has not been identified in strategic or other master plans and represents no risk to the municipality if it is not approved. |

The Corporation of the Village of Salmo

February 8,
2024

24

Credit to the City of
Rossland for Ranking
Template

Fence RI Basins

BUDGET

\$90,000

WHY IT IS IMPORTANT

An identified safety issue by MIABC, protection of the asset, and a liability for the Village not to have a fence. This was mentioned by our MOE site inspection.

ALIGNMENT WITH STRATEGIC PLAN

Identified in a MIABC Safety report and Identified in the Salmo Wastewater Financial Plan Utility Master Plan.

HOW WE WILL PAY FOR IT

Growing Communities Fund

ONGOING OPERATIONAL IMPACT

Ongoing inspections, and maintenance updates. \$200

The Corporation of the Village of Salmo

February 8,
2024

25

Harmonic Upgrades

BUDGET

\$50,000

WHY IT IS IMPORTANT

This is needed to alleviate the problems that are impacting Wastewater Treatment systems; SCADA system, Flo Meter, the Dissolved Oxygen sensors. Without this, our aerators are running at full capacity, and running full time which is increasing utility use and wear and tear on equipment.

ALIGNMENT WITH STRATEGIC PLAN

Identified in the Salmo Wastewater Financial Plan Utility Master Plan

HOW WE WILL PAY FOR IT

Growing Communities Fund

ONGOING OPERATIONAL IMPACT

Ongoing management of this electrical system, inspections. \$1,000 a year

2024

Lab Testing Equipment

BUDGET

\$5,000

WHY IT IS IMPORTANT

We need to create our own internal system to do the sampling required to meet our compliance needs.

ALIGNMENT WITH STRATEGIC PLAN

Compliance Issue

HOW WE WILL PAY FOR IT

Growing Communities Fund

ONGOING OPERATIONAL IMPACT

Once the testing procedures and systems are designed by Urban Systems, it is our hope we can do most of our testing on site and not with an external service provider. There will still be a cost with testing, we expect an overall operational savings.

2024

Trozzi Well / Authorization Permit Amendment

BUDGET

\$30,000 estimate for a new test well (if possible) / \$20,000 to meet MWR requirements (rough estimate)

WHY IT IS IMPORTANT

To meet the requirements of our authorization permit.

ALIGNMENT WITH STRATEGIC PLAN

Compliance Issue - we need to

HOW WE WILL PAY FOR IT

Growing Communities Fund

ONGOING OPERATIONAL IMPACT

Could be extensive if we are required to transition into the Municipal Wastewater Regulation, the cost of this is largely unknown.

Sewer Inspection and Augering

| BUDGET | \$37,000 |
|-------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| WHY IT IS IMPORTANT | <p>Complete the underground condition inspections of the sewer system to support our asset management plan. This work will inform our ability to evaluate our capacity for new development.</p> |
| ALIGNMENT WITH STRATEGIC PLAN | <p>Identified in the Salmo Wastewater Financial Plan Utility Master Plan Also referenced in - The Salmo Asset Inventory and Condition Water and Wastewater Fund Grant</p> |
| HOW WE WILL PAY FOR IT | <p>Growing Communities Fund</p> |
| ONGOING OPERATIONAL IMPACT | <p>We should establish and budget for annual inspection program. Currently we do not have one.</p> |

Seal Manholes

BUDGET

\$10,000

WHY IT IS IMPORTANT

This project will prevent inflow and infiltration, to support the protection of our sewer system.

ALIGNMENT WITH STRATEGIC PLAN

Identified in the Salmo Wastewater Financial Plan Utility Master Plan

HOW WE WILL PAY FOR IT

Growing Communities Fund

ONGOING OPERATIONAL IMPACT

This will be an annual expense, as we will only be doing sections at a time.
Starting with 9th avenue.

The Corporation of the Village of Salmo

February 8,
2024
30

Water Reservoir Inspection

BUDGET

\$3,200

WHY IT IS IMPORTANT

The reservoir has never been inspected with a camera to gain information on what is in the reservoir itself. This project will inspect reservoir for sediment, and to check for deterioration of the top and walls of tank.

ALIGNMENT WITH STRATEGIC PLAN

HOW WE WILL PAY FOR IT

Operating (User Fees)

ONGOING OPERATIONAL IMPACT

This is just a reservoir inspection for sediment and will inform a project list if required. This is not a water asset management plan.

2024

Erie Creek Dike Floodplain Mapping Exercise

BUDGET

Grant funded (if successful)

WHY IT IS IMPORTANT

This plan will inform investment into the dike over the next 10 years, and the plan will help us qualify for grant funding from Disaster Risk Management Funds. This plan is also needed to update our Flood Construction Level Bylaw.

ALIGNMENT WITH STRATEGIC PLAN

This was discussed in our strategic planning session as a priority.

HOW WE WILL PAY FOR IT

Grant funded

ONGOING OPERATIONAL IMPACT

After the plan is finalized, it will support ongoing investment into the dike.

Culvert Replacement - First Street

| BUDGET | \$14,000 |
|-------------------------------|-----------------------------------------------------------------------------------------------------------------|
| WHY IT IS IMPORTANT | We need to fix this collapsed culvert; this is a previously approved project in 2022 that did not get executed. |
| ALIGNMENT WITH STRATEGIC PLAN | |
| HOW WE WILL PAY FOR IT | Community Works Fund |
| ONGOING OPERATIONAL IMPACT | None |

The Corporation of the Village of Salmo

February 8,
2024

33

Road Repair

BUDGET

\$8,500 to fix slump, \$2,000 for paving

WHY IT IS IMPORTANT

The road has collapsed at 4th street and Riverside, YRB has done a temporary repair, but a permanent solution is required.

ALIGNMENT WITH STRATEGIC PLAN

HOW WE WILL PAY FOR IT

Community Works Fund

ONGOING OPERATIONAL IMPACT

None

The Corporation of the Village of Salmo

February 6,
2024

34

Park Gazebo Roof

BUDGET

\$1,750

WHY IT IS IMPORTANT

Installing a metal ridge cap will help protect the asset from water damage.

ALIGNMENT WITH STRATEGIC PLAN

HOW WE WILL PAY FOR IT

COVID Relief Grant

ONGOING OPERATIONAL IMPACT

Ongoing maintenance for Gazebo.

The Corporation of the Village of Salmo

February 8,
2024

35

Water Fountain at Lion's Park

BUDGET

\$2,000

WHY IT IS IMPORTANT

This water fountain was previously purchased and an approved project, this project cost is the installation of the fountain.

ALIGNMENT WITH STRATEGIC PLAN

HOW WE WILL PAY FOR IT

COVID Relief Grant

ONGOING OPERATIONAL IMPACT

Cleaning, inspection. \$150

The Corporation of the Village of Salmo

Erie Creek Rip Rap

| BUDGET | WHY IT IS IMPORTANT | ALIGNMENT WITH STRATEGIC PLAN | HOW WE WILL PAY FOR IT | ONGOING OPERATIONAL IMPACT |
|----------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------|------------------------|------------------------------------------|
| \$10,000 | It is required by that we have an inventory of rip rap on site in the event of an emergency. Our inventory is low, and the bridge contractor did donate a small amount of large rip rap, but it is insufficient in quantity and size. | | Operational (Taxation) | This should be an annual budget expense. |

Glendale Well Generator

BUDGET

\$60,000

WHY IT IS IMPORTANT

To make sure we have an emergency backup system for our Glendale Well to provide continuous water without interruption in the event of an emergency.

ALIGNMENT WITH STRATEGIC PLAN

HOW WE WILL PAY FOR IT

Water Reserves

ONGOING OPERATIONAL IMPACT

This system will need annual inspections, cost will be determined based on Council direction.

Line Painting

| | |
|-------------------------------|------------------------------------------------------|
| BUDGET | \$3,000 |
| WHY IT IS IMPORTANT | Safety |
| ALIGNMENT WITH STRATEGIC PLAN | |
| HOW WE WILL PAY FOR IT | Operational (Taxation) |
| ONGOING OPERATIONAL IMPACT | This is a cost should be budgeted for every 3 years. |

The Corporation of the Village of Salmo

February 8,
2024

Tarp System

BUDGET

\$3,400

WHY IT IS IMPORTANT

To prevent the spillage of sand, it holds the material of the box of the dump truck.

We haul our winter road sand from the Creston YRB sand pit.

ALIGNMENT WITH STRATEGIC PLAN

HOW WE WILL PAY FOR IT

Operational (Taxation)

ONGOING OPERATIONAL IMPACT

None expected, this is a replacement cost for our old tarp that aged out.

Glendale Bridge Handrail Design/ Engineering

BUDGET

\$12,000

WHY IT IS IMPORTANT

The Glendale Bridge inspection determined the current handrail does not meet load requirements and needs to be replaced. This is a safety concern.

ALIGNMENT WITH STRATEGIC PLAN

HOW WE WILL PAY FOR IT

Community Works Fund

ONGOING OPERATIONAL IMPACT

This project is for design only, the handrail replacement cost is not included in this budget. The handrail may or may not be orange. ☺

MIABC Priorities

- We have \$12,000 in our MIABC grant fund, and staff have prioritized projects to exhaust this budget.
 - Dug Outs at KP Park
 - The floors of the dugouts are in need of replacement, the concrete is cracked in places. We are proposing replacing two dug outs this year. The dugouts closest to the lift station.
 - Total estimated budget: \$4,000
 - Community Centre Projects:
 - 1. Install a ladder guard to prevent access into the attic from the public. 2. Remove the tripping hazard of the drain covers. 3. Install handrails for the fire exits. 4. Paint the stairs down to the boiler room with fluorescent paint.
 - 2. Total estimated budget: \$1,500

The Corporation of the Village of Salmo

February 8,
2024

42

MIABC Priorities Continued

- Wellness Centre
 - The fire exit door is not correct, as it opens inward. MIABC recommends making sure this door meets safety standards for ease of egress and install panic hardware.
 - \$1,500
- Smoke Detectors
 - The recommendation from MIABC was to install smoke detectors in municipal buildings that are connected to an alarm system to alert us if we should have a fire in our buildings after hours.
 - Staff will have to investigate the total cost of this, we are proposing using \$5,000 this year to get us started on this project.

The Corporation of the Village of Salmo

February 8,
2024

43

Road Paving

BUDGET

\$30,000

WHY IT IS IMPORTANT

To ensure we keep up with road deterioration.

ALIGNMENT WITH STRATEGIC PLAN

HOW WE WILL PAY FOR IT
