DESCRIPTION OF THE REQUIREMENT

The Village of Salmo is looking for a contractor to seeking bids to hire a contractor to complete a full inspection of our sewer collection system lines and manholes. There is approximately 10,500 meters of sewer lines and 110 manholes.

The contractor will be required to work with a local contractor hired to clean the sewer system. Successful contractor on this tender will be required to complete a full inspection of the condition and assessment of the sewer system including any locations that require repair or maintenance. A completed detailed inspection report must be submitted to the Village upon completion of the inspection.

All aspects of each inspection plan are to be included in the total project plan including supplies and labour. Interested proponents that are qualified to supply commercial quality products are welcome to participate in this RFQ process.

It is the purpose of the Village to obtain a proposal that provides the best value and suits the interests of the Village and what it wishes to accomplish.

REQUIREMENTS

- Contractor must provide proof of valid Worksafe BC coverage and provide a WorkSafe BC clearance letter.
- Contractor must provide proof of valid liability insurance up to 3 million dollars.
- Contract must have a completed confined space plan in place in the event there is a need for entry into the manholes.
- Contractor will be required to obtain a Village of Salmo or Inter-Community business license prior to commencement of work.

TIMELINE

The complete removal and repair must be completed no later than August 30th, 2024.
