1. INTRODUCTION

1.1. Definitions

In this Bylaw, unless the content otherwise requires:

ACCESSORY TO means customarily incidental to the permitted use of land, building, or structures located on the same lot or site.

ACCESSORY TOURIST ACCOMMODATION means accessory bed and breakfast operations or short-term rental facilities providing temporary accommodation for the travelling public.

ACCESSORY USE, BUILDING, OR STRUCTURE means any building within a plot on which a main building stands, other than a delimiting wall or fence, which is ancillary or subordinate to the principal use, building or structure. Any building is deemed to be an accessory building unless it is attached to and shares a foundation with the principal building for at least the full length of one side of either building, representing not less than 10% of the total perimeter of the other building.

ACTIVITIES DESIGNATED AS FARM USE means those permitted uses as listed in the *“Agricultural Land Reserve Use, Subdivision and Procedure Regulation”* in the *Agricultural Land Commission Act*.

AFFORDABLE HOUSING means housing that is affordable to low or moderate-income households, for either purchase or rental, including dwelling units which are price subsidized or price controlled, and limited equity dwelling units.

AGRICULTURE means the use of land, buildings or structures for a farm operation.

ALCOHOL PRODUCT means beer, ale, cider, spirits, mead or wine.

ALCOHOL PRODUCTION FACILITY means a brewery, cidery, distillery, meadery or winery.

ALTERATION OF LAND means, but is not necessarily limited to:

- i. soil relocation due to building or parking lot construction or alteration;
- ii. removal, alteration, disruption or destruction of vegetation; soil removal or filling;
- iii. construction or alteration of retaining walls, patios, lawns, agricultural activity or any structural change to a building or structure that results in an increase or decrease in the area or volume of the building or structure;
- iv. a change in the area, frontage, depth, or width of a lot that affects the required yard, landscaped open space, or parking requirements under this Bylaw; or
- v. discontinuance or change, where the new use is defined differently from the original property use, for the principal use of the lot, building or structure.

AMENITY SPACE means the total passive or active recreational area provided on a lot or in an apartment building for the personal, shared or communal use of the residents of a building or buildings, and includes balconies, patios, rooftop gardens and other similar features, exclusive of the areas occupied by entrance hallways, driveways, and parking areas and does not include indoor laundry or locker facilities.

ANCILLARY means subordinate or assisting and in the case of a building or structure, would include essential structural components necessary to the building function such as mechanical penthouses, elevator housing, mechanical rooms, communication structures, or chimneys.

ANIMAL SHELTERS means a lot and/or building or part thereof, used for the temporary care of lost, abandoned or neglected animals.

ANTENNA means a structure designed for the purpose of receiving and transmitting communication signals.

APARTMENT HOUSING means any physical arrangement of attached dwelling units, intended to be occupied by separate households, which does not conform to the definition of any other residential use class.

ARTISAN CRAFTS PRODUCTION AND SALES means the production or manufacturing of products by skilled craft workers, usually by hand, for retail sale.

ATTIC means the unfinished space between the roof and the ceiling of the top storey or between a dwarf wall and a sloping roof.

AUTOBODY REPAIR AND PAINT SHOPS means those premises where automobiles, trucks, and other vehicles undergo body repair and painting.

AUTOMOTIVE AND EQUIPMENT REPAIR SHOPS means the servicing and mechanical repair of automobiles, motorcycles, snowmobiles, and similar vehicles or the sale, installation, or servicing of related accessories and parts. This includes but is not limited to transmission shops, muffler shops, tire shops, automotive glass shops, and upholstery shops but does not include autobody repair, paint shops, or wrecking yards.

¹⁰ BC Water Act, part 1

STREAMSIDE PROTECTION AND ENHANCEMENT AREA means an area adjacent to a stream that links aquatic to terrestrial ecosystems and includes both the riparian area vegetation and the adjacent upland vegetation that exerts an influence on the stream, the width of which is determined by assessment by a Qualified Environmental Practitioner (QEP).

STRUCTURE means any construction fixed to, supported by, or sunk into land excluding fences, landscape screens, concrete and asphalt paving or similar surfacing.

SUB-DIVIDE means the division of a lot of land into two (2) or more lots, whether by plan, apt descriptive words or otherwise as defined in the *Land Title Act* Section 1(1) and a bare land subdivision as defined in the *Strata Property Act* Part 1(1) or any subsequent Act or Acts which may be enacted in substitution therefore.

SUBDIVISION means new subdivision creation and development as regulated in the Village's Subdivision Bylaw #588.

SUPPORTIVE HOUSING means subsidized housing¹¹ consisting of dwellings with support services on-site that may or may not include collective dining facilities, laundry facilities, counselling, educational, homemaking and transportation services for residents.

SURVEYOR'S CERTIFICATE means a site plan certified by a registered British Columbia Land Surveyor showing the locations of improvements on a lot relative to the lot lines.

TEMPORARY BUILDING means a building which is not supported on permanent foundations, such as metal storage containers.

TEMPORARY SHELTER means a pre-manufactured structure consisting of wood, tubular metal or tubular plastic frame covered with fabric, reinforced plastic, vinyl or similar material.

TOWNHOME *see Residential Dwelling.*

TRANSITION HOUSE means a single-detached dwelling that is used to provide temporary accommodation, care, supervision, guidance, or counselling for, but not limited to, victims of family violence and people suffering from substance use disorder or people in recovery. The primary purpose or mission of the transitional living environment is to help the resident(s) receive the supports and services they need to live dignified, resilient and hopeful lives.

TWO-FAMILY DWELLING *see Residential Dwelling.*

UNATTENDED PUBLIC UTILITY OR PARKS BUILDING OR STRUCTURE means a building or structure containing unattended equipment necessary for the operation of a park area; a community water, sewer or gas distribution or collection system; a radio or television antenna; a telecommunication relay station; an automatic telephone exchange; a navigational aid; electrical substation or generating station; or other similar facility or utility.

USE, ACCESSORY means a use which is normally ancillary, incidental, subordinate, and located on the same lot as the principal use. Parking may be an accessory use when it serves the principal use and does not serve uses on other sites. Accessory uses include recreational amenities in residential developments that are devoted to the exclusive use of residents living on the same site.

USE, PRIMARY means the purposes for which land or a building is arranged or intended, or for which either land, a building, or a structure is, or may be, occupied and maintained.

USE, SECONDARY means those uses in the lists of secondary uses in the zones of this Bylaw which must be in conjunction with a principal use. For example, a home-based business is a secondary use, not a principal use.

UTILITY SERVICES, MAJOR IMPACT means development for utility infrastructure purposes which is likely to have a major impact on adjacent uses by virtue of their potential emissions or effects, or their appearance. Typical uses include but are not limited to sewage treatment plants, water treatment plants, major pumphouses, water towers or tanks, sewage lagoons, snow dumping sites, sludge disposal beds, garbage transfer and compacting stations, power terminal and distributing stations, power generating stations, cooling plants, equipment and material storage yards for vehicles, utilities and services, district heating plants, incinerators, and waste recycling plants.

UTILITY SERVICES, MINOR IMPACT means development for utility infrastructure purposes which is likely to have only minor impact on the environment or adjacent land uses by virtue of its appearance, noise, size, traffic generation or operational characteristics. Typical uses in this class include but are not limited to telephone exchanges, wire centres, switching centres, surface reservoirs or storm water lakes including adjacent landscaping and walkways, minor pumphouses, communication towers, gate stations for natural gas distribution, and transit terminals.

VEHICLE SALES/RENTALS means the retail sale or rental of new or used automobiles, bicycles, motorcycles, snowmobiles, tent trailers, boats, travel trailers or similar light recreational vehicles, vehicle insurance services, incidental maintenance services, and sales of parts. It includes automobile dealerships but does not include dealerships for the sale of trucks with a gross vehicle weight of more than 4,100 kg. or the sale of motorhomes with a gross vehicle weight of more than 5,500 kg. or a length of more than 6.7m.

VERANDA means a roofed, open-air gallery or porch, attached to the outside of a building. A veranda is often partly enclosed by a railing and frequently extends across the front and sides of the structure. *See also Porch.*

VETERINARY CLINIC means a facility designed for the care and treatment of animals under the supervision of a Doctor of Veterinary Medicine.

- i. **VETERINARY CLINICS, MINOR** means those premises where domestic pets and small emotional support animals are treated inside a building and kept for medical or surgical purposes and are directly or indirectly under the care of a veterinarian. This use also includes animal grooming, training, and pet care, but does not include an animal shelter. Animals are kept inside on the premises overnight only when required for medical supervision.
- ii. **VETERINARY CLINICS, MAJOR** means those premises where large (cows, horses, pigs, sheep, llamas, etc.) and small animals (domestic pets - dogs, cats, birds, hamsters, etc. or small emotional support animals) are given medical and surgical care and may include outdoor shelter. This use also includes Animal Clinics, Minor.

VILLAGE MARKET means a market whose vendors may either make, bake or grow most of the

products, where area residents and/or their families display and sell locally grown or processed foods, locally produced artisan crafts or re-sell flea market items such as used clothing or antiques and collectibles, with a limited number of imported products.

WALKOUT BASEMENT means a storey of a building located below the ground floor and having at least one wall above grade.

WATERCOURSE means any drainage course or source of water in a channel with defined continuous banks, whether usually containing water or not, and includes any lake, river, creek, spring, wetland, the sea, or source of ground water and includes portions that may be within a conduit or culvert.

WESTERN FALSE FRONT ARCHITECTURE¹² or false front commercial architecture is a type of commercial architecture used in the Old West of the United States and Canada. Often used on two-storey buildings, the style includes a vertical facade with a square top, often hiding a gable roof.

WETLAND¹³ means land that is inundated or saturated by surface or groundwater at a frequency and duration sufficient to support, and that under normal conditions does support, vegetation typically adapted for life in saturated soil conditions, including swamps, marshes, bogs, fens, estuaries and similar areas that are not part of the active floodplain of a stream.

WIDTH means the distance from a main wall to the opposite main wall of a building or structure as measured from outside to outside. In reference to mobile homes, width means the outside width of the mobile home when it is placed on the site, before any vestibules, porches, garages or other structures are added to the mobile home.

WRECKING OR SALVAGE YARD means an open area where waste or scrap materials are bought, sold, exchanged, stored, baled, packed, disassembled or handled, including, but not limited to metals, paper, rags, rubber tires and bottles.

YARD – FRONT means an open space unoccupied to the sky lying between the principal building and the Front lot Line.

YARD – SIDE means an open space unoccupied to the sky lying between the principal building and an exterior or interior side lot line.

YARD – REAR means an open space unoccupied to the sky lying between the principal building and the rear lot line.

ZONE means a zone established under Division 5, Section 479 of the *Local Government Act* and this Bylaw.

2. GENERAL PROVISIONS

2.1. Application

This Bylaw shall apply to the whole of the Village of Salmo.

2.2. Purpose

This Bylaw is to provide a clear and efficient system of land use regulation for the orderly, economic, beneficial, equitable and environmentally sensitive use, development, and redevelopment of the Village of Salmo having regard for the provisions of the Village of Salmo's Official Community Plan.

2.3. Administration

The Chief Administrative Officer, Building Clerk, Building Inspector, Bylaw Officer(s) or other person or persons authorized by Council shall administer this Bylaw.

2.4. Permitted Uses

Except where specifically excluded, the following uses, buildings, and structures are permitted in all zones:

- (a) highway and transportation rights-of-way held by, or on behalf of, a government;
- (b) parks, including playgrounds and playfields, walking, bicycling and equestrian trails, and paths and ecological reserves;
- (c) public utilities, such as electrical and telephone lines, pipelines, traffic control devices, public utility poles, and underground utility systems;
- (d) radio, television, cellular and transmission towers;
- (e) community water system facilities, including reservoirs, treatment plants, pumping station intake structures, and supply lines; community sewage system facilities, including treatment plants, sewage pumping stations, storm drainage retention ponds, and sewer service lines;
- (f) ditches and culverts; and
- (g) temporary use of a building or structure as a polling station for government or school board elections, referenda, or census providing such a use does not exceed 60 days.

2.5. Prohibited Uses

Except where specifically permitted in this Bylaw, the following uses, buildings and structures are prohibited in all zones:

- (a) a tent or recreational vehicle (RV) used for habitation;
- (b) mobile homes less than 6m in width;
- (c) storage of refuse or waste disposal/processing not produced on the property;

- (d) the disposal or storage of hazardous, contaminated, biomedical or toxic waste;
- (e) commercial composting facility;
- (f) the production, storage, and application of Class A compost, untreated and unprocessed wood residuals, in compliance with the *Organic Matter Recycling Regulation, B.C. Reg. 18/2002, Division 5, 12*, except for wood chips produced and used for mulch when trees or branches are removed from a property;
- (g) the storage of contaminated soil, if the contaminated soil did not originate on the same legal parcel of land;
- (h) kennels, breeding pets, or a boarding facility;
- (i) vehicle wrecking yard;
- (j) slaughtering of livestock and food processing;
- (k) commercial laundry facility;
- (l) manufacturing personal care products such as soaps, salves, shampoo and conditioners;
- (m) chemical manufacturing;
- (n) petrochemical refining;
- (o) explosives/ammunition manufacturing facility;
- (p) battery manufacturing;
- (q) outdoor chemical treatment of poles, fence posts, and wood products;
- (r) metal smelting/electroplating;
- (s) water, soft drink, or fermented beverage bottling facilities except for micro-breweries; and
- (t) cannabis production.

2.6. Density Regulations

- (a) Where two or more adjoining lots registered prior to adoption of this Bylaw have less than the minimum site area required by this Bylaw, the lots may be consolidated into fewer lots than existed at the time of application if no new lot created is smaller than any previously existing lot.
- (b) Where it is not possible to create a lot that has the minimum site area required for a zone, the minimum site area requirement will be reduced where the proposed subdivision involves any one of the following and meets Village requirements and, if applicable, in the case of a property not served by municipal water or wastewater systems, regional health authority requirements:
 - i. a boundary adjustment that does not create, or make it possible to create additional lots to those that exist at the time of application;
 - ii. a lot that, at the time of adoption of this Bylaw, is divided by a highway or forest

service road and where the boundaries of the highway or road will be the boundaries of the proposed lots; or

- iii. a lot where two or more single detached, duplex or combination of single detached and duplex dwellings existed prior to adoption of this Bylaw and any previous applicable land use bylaw.
- (c) The minimum site area for a lot created under 2.6 (a) shall be 334.5m² (3,600ft²) where serviced by a community water and wastewater systems and 548m² (5,898ft²) where not serviced by a community sewer system.
- (d) Where a dwelling has been constructed across a legal property line prior to the adoption of this Bylaw, lot lines may be adjusted to allow property owners to legitimize the structure if no lot is reduced in site area.
- (e) Where a zone includes provisions for maximum floor area or gross floor area of all buildings on the lot, including accessory buildings, the ratio of that area divided by the total area of the lot must not exceed the coverage ratio identified for the zone in which the lot is located.
- (f) Where a zone includes provisions for minimum site area for each 'Principal Use', no lot may be used for more than one principal use unless the lot contains the applicable minimum site area specified within the zone for each principal use.
- (g) Where a zone includes provisions for maximum site coverage, the lot coverage of all buildings and structures on the lot must not exceed the percentage specified for the zone in which the lot is located.
- (h) Where more than one of the above density provisions applies to any given lot, the most restrictive governs but all remain applicable.

2.7. Development Permits & Areas

The Village of Salmo Official Community Plan (OCP) Bylaw # 769, 2026 establishes Development Permit Areas and Development Permit guidelines in which best management requirements are provided for property development in relation to aquifer protection, flood plain and natural hazard areas, downtown revitalization in the Village centre, and ecologically sensitive areas. Such requirements will take precedence over any Setback or other requirements contained in this Bylaw.

The OCP designates the following Development Permit Areas (DPAs):

- (a) DPA 1 - Aquifer Protection Development Permit Area;
- (b) DPA 2 - Downtown Revitalization Development Permit Area
- (c) Natural Hazards Development Permit Areas:
 - i. DPA 3 - Flood Plain Development Area Permit ;
 - ii. DPA 4 – Slope Stability Permit Areas; and
 - iii. DPA 5 - Wildfire Protection Permit Area.

2.8. Development Variance Permits

Property owners may apply for a development variance through the Village's Development Variance Permit (DVP) process, as governed by the *Local Government Act*, Division 9, Section 498.1 (a) (i) and (ii), in the following circumstances:

- (a) A variance regarding an exception or modification to a zoning bylaw requirement as mandated in this Bylaw. This includes a variance regarding property size/area, density, buildings per lot, site coverage or building width.
- (b) A variance to alleviate a perceived hardship caused by a zoning bylaw requirement.
- (c) A variance regarding a multi-lot subdivision development requirement as mandated in the Village's Subdivision Development Bylaw.

Applications are public and may be reviewed and ruled on by either Council or the Board of Variance.

2.9. Water and Wastewater Utilities

All zones are serviced by the Village's water and wastewater utility services. Connection is mandatory unless, for geographical or engineering reasons, a lot cannot be serviced by either the Village's water and/or wastewater utility service.

2.10. Severability

If any portion of this Bylaw is held to be invalid by a court of competent jurisdiction, the validity of the remaining portions of this Bylaw shall not be affected.

2.11. Units of Measure

All units of measure contained within this Bylaw are metric standards. The approximate imperial measurement equivalents are provided for convenience only.

3. ENFORCEMENT

3.1. Uses and Regulations

- (a) Except for legal non-conforming uses or development approved by Council for a Development Variance Permit or a Board of Variance ruling, or another agreement or permit as authorized by the *Local Government Act*, the use and development in each zone or area shall be in accordance with the uses listed in the zone and all the appropriate regulations and requirements of this Bylaw.
- (b) No land, building, or structure, within the Village of Salmo shall be developed, used, constructed, erected, modified, converted, enlarged, reconstructed, altered, placed, or maintained except in conformity with the provisions of this Bylaw.
- (c) Prior to development or modification any property within the Village limits, planning permission via all relevant planning bylaws including Development Approval Bylaw #688 and/or the Subdivision Bylaw #588 (for new, multi-unit subdivisions) A Development Permit and a Building Permit issued by the Village are required except for items described in subsection 3.1 (d) following.
- (d) This Bylaw does not apply to the following developments:
 - i. Alterations, maintenance and repair to any building or structure, provided that such work does not involve structural alterations, nor significant façade alterations; and does not change the use or intensity of use of the building or structure.
 - ii. The use of a building or part thereof as a temporary polling station, election official's headquarters, candidate's campaign office, and any other official temporary use in connection with a federal, provincial, or municipal election, referendum or census.
 - iii. A temporary structure which is incidental to the erection, maintenance, alteration, or sales of a building, structure or utility for which a Building or Development Permit has been issued if they are removed within 30 days of project completion or one year following the issuance of a building permit.
 - iv. Landscaping, where the existing grade and surface drainage pattern is not materially altered and will not create off-site impacts, except where required by Section 2.7(c).

3.2. Right of Entry¹⁴

- (a) Per the *Community Charter* Part 2, Division 3, 16 (2), persons appointed under subsection 3.2 (b) and (c) may enter a property at any reasonable time for the purpose of determining whether the regulations of this Bylaw are being observed.
- (b) Land: The Chief Administrative Officer, Building Official, Bylaw Enforcement

¹⁴ *Community Charter* Part 2, Division 3, section 16, parts (1), (2), (3), (4), (5) and (6).

Officers, or other officers or employees of the Municipality or other persons authorized by Council, shall have the right of entry and may enter onto any land at all reasonable hours in order to inspect the same and to ascertain whether the provisions of this Bylaw have been carried out.

- (c) Buildings: The Chief Administrative Officer, Building Official, Bylaw Enforcement Officers, or officers or employees of the Municipality or other persons authorized by Council shall have the right of entry at all reasonable hours and may enter into any building and shall obtain the consent of the occupant or provide written notice to the occupant 24 hours in advance of entry; in order to inspect the same and to ascertain whether the provisions of this Bylaw have been carried out.
- (d) No person shall interfere with or obstruct the entry of a Bylaw Enforcement Officer or any authorized Village representative onto any land or into any building to which entry is made or attempted pursuant to the provisions of this Bylaw.

3.3. Violation

Every person who:

- (a) violates any of the provisions of this Bylaw;
- (b) commences or undertakes a use which is not permitted by this Bylaw;
- (c) contravenes a condition of a permit issued under this Bylaw;
- (d) authorizes or does any development that is at variance with the description, specifications or plans that were the basis for the issuance of a Development Permit or Building Permit;
- (e) constructs, makes an addition to or alters a building or structure, which is not permitted by this Bylaw;
- (f) carries out, causes or permits to be carried out any act or development in a manner prohibited by or contrary to any of the provisions of this Bylaw;
- (g) neglects or omits to do anything required under this Bylaw;
- (h) modifies any description, specifications, or plans that were the basis for the issuance of any permit by the Village of Salmo or a Building Inspector; fails to comply with an order, direction or notice given under this Bylaw; or
- (i) prevents or obstructs or attempts to prevent or obstruct the authorized entry of an officer onto property under Section 3.2,

shall be deemed guilty, upon summary conviction, of an offence under this Bylaw.

3.4. Offence

Each day's continuance of an offence under this Bylaw constitutes a new and distinct offence.

3.5. Penalty

Any person who violates Bylaw provisions may, on summary conviction, be liable to the maximum penalty under the *Offense Act*, plus the cost of prosecution, for each offense. The penalties imposed under this Section are a supplement and not a substitute for any other remedy to an infraction of this Bylaw.

An administrator of this bylaw may enforce the provisions of this bylaw by issuing a fine in accordance with the Schedule "C" of this Bylaw.

In addition to taking action before a court having jurisdiction, Council may, in accordance with the Local Government Act, file a notice on title or authorize the demolition, removal, or bringing up to standard of any building or structure, in whole or in part, that is in contravention of this bylaw.

4. GENERAL REQUIREMENTS

4.1. Minimum Lot Area and Frontage Exceptions

The minimum lot area and the minimum frontage requirements do not apply to parks and playgrounds, unattended public utility structures, or park buildings or structures.

4.2. Minimum Lot Width

Unless otherwise specified in Sections 5.7 or 5.11.3, the minimum lot width for new lots it is 18m (59').

4.3. Uses Permitted on Parcel Regardless of Size

All the uses permitted in a zone are permitted on any parcel within the zone, regardless of the area or frontage of the parcel provided minimum lot size and setback requirements for the zone are met.

4.4. Minimum Parcel Area Requirements

Minimum parcel area requirements, as described in the Village of Salmo Subdivision and Development Bylaw #588, apply upon creation of the parcel at subdivision.

4.5. Services

No building, structure, or lot in any zone shall be used for any purpose that requires street access or services unless:

- (a) the owner has obtained proper authorization to have the required services installed and has installed such services in accordance with the Village of Salmo Subdivision and Development Bylaw #588 or any subsequent issues; and
- (b) the lot has actual physical access from the street.

4.6. Lighting

- (a) Any outdoor lighting for any development shall be located and arranged so that no direct rays of light are directed at any adjoining properties or interfere with the effectiveness of any traffic control device.
- (b) Site areas with public access shall be lit in keeping with the principles of crime prevention through environmental design and require site lighting as is necessary to encourage pedestrian safety and allow casual surveillance from adjacent buildings and streets of parking areas and walkways.

4.7. Property Use During & After Construction

- (a) During a home construction or Permitted home refurbishment period of a primary residence, the property owner may:
 - i. erect an accessory structure for storage provided it is shown on the site plan when applying for a Development Permit;

- ii. if a laneway house is planned, erect the planned laneway house first, as shown and described as part of an approved Development Permit, provided it meets zoning requirements, and live in it while the principal residence is being constructed for a period of no more than 12 months; or
 - iii. use a Recreational Vehicle (RV) for their own accommodation during construction of the principal residence for a period of up to 12 months as described in the Village of Salmo's Building Bylaw #618.
- (b) After a period of 12 months from the issue of the Building Permit and commencement of construction:
- i. any accessory buildings constructed pre-construction are no longer permitted on a lot that does not yet have a principal residence, and the Village shall require that they be removed; and
 - ii. property owners may no longer live on the property in a laneway house or RV.

Property owners may however apply for an extension of up to 6 months maximum to complete construction.

4.8. Use of Recreational Vehicles as a Residence

Recreational Vehicles are not considered to be a residential structure and may only be used for residential purposes in the circumstances described in the Village of Salmo's Building Bylaw #618.

4.9. Vacant Lots

4.9.1. Property Maintenance Vacant Lots

- (a) Property owners may not use a vacant undeveloped lot to:
- i. store goods or equipment, including recreational, derelict or uninsured vehicles; or
 - ii. store materials or wood products.
- (b) Property owners must maintain the property in order not to contravene the Village's Unsightly Premises Bylaw #649, Section 4.

4.9.2. Exemptions

For undeveloped lots adjacent to the property owners' home or business, which form part of the yard of said adjacent property, property owners must follow the uses allowed for the primary use of the property and shall not erect accessory buildings on the vacant property without applying for and obtaining a Development Permit and a Building Permit. The Village reserves the right to deny a Development Permit for an accessory building on said property.

4.10. Swimming Pools

- (a) Swimming pools must be built in accordance with the Village of Salmo Building Bylaw #618 or subsequent issue and the *BC Guidelines for Pool Design*.
- (b) At grade swimming pools shall be located at a minimum of 0.9m (2'11") from side and

rear property lines and 1.5m (4'11") from any street.

- (c) Swimming pools are not allowed in a required front yard.
- (d) Above ground swimming pools and associated decks greater than 0.6m (2') in height shall meet the siting requirements of accessory buildings.
- (e) Fencing around swimming pools shall be in accordance with the requirements specified in the Village of Salmo Building Bylaw #618 or subsequent issue and *the BC Guidelines for Pool Design*.

4.11. Residential Yards

- (a) All measurements are to be taken from the applicable property line.
- (b) A part of a lot reserved as a yard shall not be deemed to form part of any abutting lot for the purpose of computing the area available for building purposes or any other purpose.
- (c) Where a lot which is not a corner lot has frontage on more than one street, any building, structure or accessory building shall be located on such lot to maintain a front yard on each street frontage to be consistent with the predominant front yard setback in the block.
- (d) In the case of a corner lot in an urban residential zone, the front yard shall be the narrower of the two frontages.
- (e) The minimum front yard depth is 9m (29'6"), except in the RR-1 zone the minimum front yard is 12m (39'4") deep. For double fronting lots, the minimum front yard shall be in accordance with the regulations for a principal building in that zone.
- (f) The minimum side yard is 1.5m (4'11"), except:
 - i. for an accessory building or structure on an interior lot line and with a gross floor area of less than 9.24m² (100ft²) and a height of less than 2m (6'7") there is no minimum side yard; and
 - ii. for mechanical equipment on an interior lot line the minimum side yard is 1.22m (4'), except it is 0.2m (8") in the C-1, C-2, and M-1 zones.
- (g) The minimum rear yard is 1.5m (4'11") deep, except where there is a rear lane the minimum rear yard is 0.9m (2'11"), and in the R-1 and RR-1 zones the minimum rear yard is 3m (9'10").

4.12. Riparian Management Area (RMA) Setbacks

- (a) In all zones where Riparian Management Area Setbacks are required along watercourses, as specified by the *Riparian Areas Protection Act*, the specified setback distance shall be measured from the top-of-bank, or from the natural boundary where the top-of-bank is not clearly defined. The specified setback distance shall be measured to the foundation of the building or structure including roofs, eaves, and any over-hanging components or cantilevered portions of a building.
- (b) When the Riparian Areas Regulation applies to a development, the property shall be assessed by a Qualified Environmental Professional (QEP). The assessment will

determine the width of the Streamside Protection and Enhancement Area on the property. Development may be restricted in this area if it has the potential to damage vegetation and/or interfere with the ability of the riparian area to provide fish habitat. Additional measures to maintain riparian habitat such as sediment and erosion control, may be included in the assessment.

- (c) No development shall be permitted within a riparian area that does not conform to the setbacks as prescribed by the BC Ministry of Forests, Land and Natural Resource operations *Riparian Areas Regulations* per the *Riparian Areas Protection Act* without an authorized Aquifer Protection Development Permit (DPA-1).
- (d) When new lots are created abutting a watercourse where an Aquifer Protection Development Permit Area setback is required, the land within the RMA may be used for calculating the minimum lot area and for the determination of permitted density and site coverage.

4.13. Setbacks

- (a) Where a zone includes provisions for minimum setbacks, no building or structure may be placed, constructed, sunk into, erected, sited, altered or enlarged closer to the lot line than the distance specified for the zone in which the building or structure is located, and further:
 - i. setbacks may vary according to any combination of use, building, structure or location within a zone or adjacent zone; and
 - ii. any portion of a building or structure located below finished grade is subject to all setbacks for the zone in which the building or structure is located.
- (b) Where the top surface of an underground structure projects no more than 0.6m (2') above the average finished ground elevation, that structure may be sited in any portion of a lot.

4.14. Setback Exceptions

Projections

No features shall project into the setback required by this Bylaw, except the following:

- (a) Chimneys, cornices, leaders, gutters, columns, belt courses, sills, bay windows, or other similar features may intrude no more than 0.6m (2') into the required setback area.
- (b) Free-standing lighting poles, warning devices, antennas, masts, solar collectors, utility poles, wires, flag poles, signs, and sign structures, may be sited on any portion of a lot that does not interfere with a clear vision area.
- (c) Uncovered steps, eaves, sunlight control projections, canopies, balconies, or porches may project no more than:
 - i. 1.2m (3'11") into a front or rear yard; or
 - ii. 0.6m (2') into a side yard.
- (d) Entrance canopies or awnings for commercial structures in zones C-1, C-2 and M-1

for weather protection or building ornamentation may project no more than 3m (9'10") into a front yard or a flanking side yard or no closer than 1.5m (4'11") to a side lot line. Residential canopies or awnings in these zones shall project no more than 2m (6'7") into a front yard or no closer than 1.5m (4'11") to a side lot line.

- (e) All canopies and awnings shall be designed to direct run-off and snow away from the sidewalk below.
- (f) The total area of structural projections, excluding purely architectural or aesthetic features, shall not comprise of more than 30% of the total area of the exterior wall in which they are located.
- (g) The total area of the exterior wall is to be calculated based on the total area of the wall, generally parallel to the side lot line, measured from the front to the rear of the building, not including decks, trellises, or other open structures.
- (h) For buildings or structures that are more than one storey, the area of the structural projection shall be calculated per storey. No individual structural projection shall exceed 3m (9'10") in length. No two structural projections shall be closer than 1.5m (4'11") apart.
- (i) In the case of a Laneway House proposed to be contained within an existing building constructed prior to the adoption of Bylaw #773, 2026, the Village of Salmo Council may exempt the Laneway House from the minimum lot line setbacks prescribed in this Bylaw, provided that the height, siting, and building footprint of the said structure are not increased.

4.15. Common Walls

Where a common wall shared by two or more units within a building for a residential use or a commercial use coincides with an interior side lot line of a parcel or of a strata parcel shown on a registered strata plan as provided in the *Strata Property Act*, the setbacks for the principal building specified in the Bylaw with respect to the side lot line shall not apply.

4.16. Mixed-Use Buildings

In any zone in which a Mixed-Use building is permitted, the following conditions shall be satisfied:

- (a) each storey used for a dwelling unit(s) shall not exceed the gross floor area of the work or studio space;
- (b) in the case of a single floor mixed-use building the dwelling unit shall not exceed 50% of the gross floor area; and
- (c) each dwelling unit and each work unit must have an independent entrance into the unit.

4.17. Height and Grade

4.17.1. Determining Height

In determining whether a development conforms to the maximum height permitted in any zone the following structures shall not be considered for the purpose of determining the

height:

- (a) flagpole;
- (b) floodlight, lighting pole;
- (c) water tower;
- (d) spire, steeple, belfry;
- (e) western false front in zone C-2;

- viii. a western false front façade extension in Zone C-2 may not exceed 1.98m (6'6") in height.

(b) In no case, shall the height of a building or structure exceed the Ministry of Transportation flight path regulations.

4.17.3. Walkout Basements

Walkout basements oriented to the rear yard shall not be considered for the purpose of determining height for single-detached, duplex or semi-detached housing. Where a single-detached, duplex or semi-detached housing unit has a walkout basement oriented to the rear yard, height shall be determined as follows:

- (a) the maximum height of any building elevation facing a front yard or, flanking street is the lesser of 8.6m (28'2") from grade or 3 storeys; and
- (b) the height for the lowest floor or walkout basements at the rear elevation cannot exceed 3.6m (11'10") measured from approved building grade to the top of the finished floor above the slab.

4.18. Slopes

Buildings to be constructed on a slope may require a Slope Development Area Permit (DPA #4) as described in the Official Community Plan Bylaw.

4.19. Building Inspector Approval

- (a) No building or structure shall be erected in any zone without first obtaining the approval of the Building Inspector as to the proposed building grade. The proposed building grade shall, to the extent possible, retain the natural contour of the land, minimize the necessity to use retaining walls and ensure positive drainage away from abutting properties.
- (b) Small accessory buildings up to 3.05m x 3.05m, 9.3m² (10' x 10', 100ft²) require a Development Permit and are permitted on all lots & may not require a Building Permit. All accessory buildings over 9.3m² (100ft²) require a Development Permit & a Building Permit.

4.20. Parking

Overnight street or lane parking is not permitted. All parking for residents and overnight guests must be accommodated on the property. Parking requirements are noted in each zone.

4.21. Exterior Finish

Buildings may not remain un-sided with plastic wrap air or moisture barriers exposed. Homes and businesses are required to complete all siding on the outside of structures as part of the construction process per Building Bylaw #618.

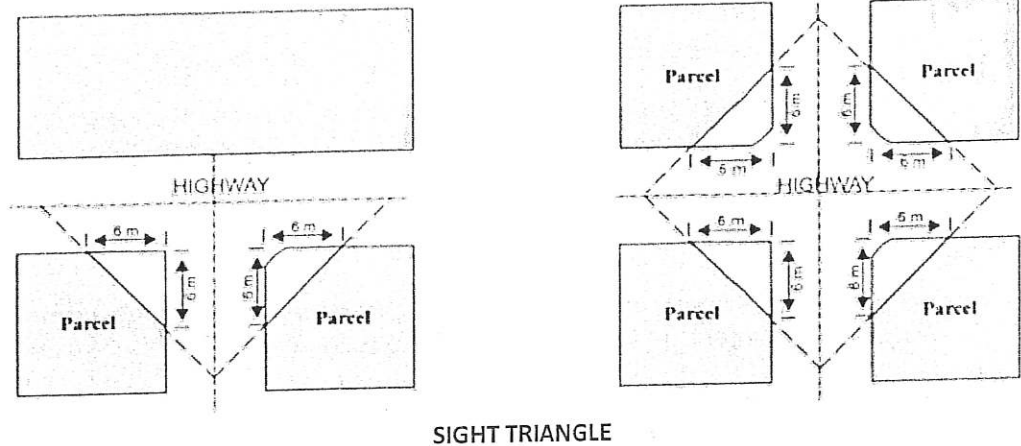

4.22. Dormers

Where the width of the dormer or dormers exceeds 50% of the width of the roof on which they are located the height of the dormer will be measured as if it was the main roof.

4.23. Clear Vision Area

- (a) No person who owns or occupies land at the intersection of two (2) or more highways may place or grow any tree, shrub, plant, fence or other structure within the sight triangle illustrated below above an elevation such that an eye 1.22m (4') above the

surface elevation on one highway cannot see an object 1.22m (4') above the surface elevation of the other highway as shown on the sight triangle on the following diagram¹⁵.

- (b) The Ministry of Transportation and Infrastructure is the final authority for sight distance on the roads under their jurisdiction and for the purpose of subdivision.

4.24. Utility Cabinets

Minor utility cabinets for the provision of telephone, power, cable television or other utility services, when located outside a statutory right-of-way, shall comply with the following:

- (a) a cabinet less than 1.8m (5'11") in height with no horizontal dimension exceeding 1m (3'3") need not comply with any yard requirements in any zone;
- (b) a cabinet less than 1.8m (5'11") in height with a horizontal dimension between 1m (3'3") and 2m (6'7") must be set back at least 1m (3'3") from a lot line;
- (c) a cabinet greater than 1.8m (5'11") in height or with a horizontal dimension exceeding 2m (6'7") shall comply with the setbacks for accessory structures in that zone; and
- (d) EV charging stations are excluded from utility cabinet height restrictions.

4.25. Rooftop Screening

Rooftop, mechanical, and electrical equipment in zones other than agricultural zones shall be screened from view from a public roadway or adjacent property at grade. Fans, vents and solar panels are excluded from this requirement.

4.26. Fences and Landscape Screens

Unless otherwise noted in the requirements for a particular zone:

- (a) Landscape screens or fences 1.22m (4') or less in height may be sited on any portion of a lot.

¹⁵ Courtesy RDCK

- (b) Landscape screens or fences 1.83m (6') or less in height may be sited to the rear of the front face or exterior side face of a principal building on the lot.

4.27. Accessory Development

4.27.1. General Regulations

- (a) Despite any other provisions of this Bylaw, accessory buildings and structures are permitted on any lot where a principal building or structure exists as described in 4.27.3 non-residential zones or 4.27.4 residential zones, whichever is applicable.
- (b) An accessory building larger than 9.3m² (100ft²) requires a Development Permit & a Building Permit.
- (c) Except where specifically permitted by this Bylaw, an accessory building or structure may not be used for residential or tourist accommodation.
- (d) Except where specifically permitted by this Bylaw, an accessory building or structure may not contain a shower enclosure, a bathtub, a kitchen or more than three separate rooms.

4.27.2. Secondary Dwelling Units

- (a) Where specifically permitted by this Bylaw, subject to approval from the Village and/or the regional health authority for sewage disposal and water supply, one (1) accessory dwelling per lot is permitted as an accessory use subject to the following:
 - i. the dwelling can be either attached or detached from the principal dwelling;

- ii. the accessory dwelling shall not be a recreational vehicle or other vehicle except as circumstances described in Sections 4.7(a) iii and 4.8
- (b) One (1) additional off-street parking space must be provided for an accessory dwelling.
- (c) Secondary dwelling units shall comply with all relevant Village Bylaws, and the *BC Building Code*.
